

Non-Conformist Registers

Shropshire Archives holds copies of registers for various non-conformist churches and chapels in Shropshire. The registers contain mostly baptisms or births, with a few burials also listed. Some marriage registers are available for later years, although it should be noted that between 1754 and 1837 all marriages, except those of Quakers and Jews, had to be performed in an Anglican church or chapel (consult **Parish Registers**); after 1837, **Civil Registration** may be the only record available.

How to Use this List

1st Column

Chapels and churches are listed under the name of the parish in which they lie.

2nd Column

This lists the **microfiche** or **microfilm** copies that are available. These are photographic copies of the original records. They are stored at the end of the Anglican parish microfiche (Methodist and Other Non Conformist microfiche are all together starting with reference Meth/1 etc.)

Numbers in brackets refer to individual microfiche numbers; more precise dates are noted on the fiche envelopes. Dates in italics in this column indicate that the registers are held as microfilm; these are kept in the same drawer.

3rd Column

This lists the **transcripts** available. Entries in bold indicate printed transcripts which appear in the volume *Non-conformist and Catholic Registers*. Copies of non-printed transcripts are in the red binders *Transcripts of Non-Conformist Registers in the PRO*, with some second copies in the non-conformist transcripts box.

4th Column

This indicates dates which are only available as **original documents**. These may be seen in the Search Room on production of a Readers Ticket. Full details will be found in the *Methodist Registers*, or *Non-Conformist Other* lists.

Methodist Circuit Registers

These are listed at the back of the main list, each register covering several chapels within the Circuit. They are listed by their modern Circuit name, which may cover several earlier Circuits. For further information concerning the places covered by each Circuit at various dates, please refer to the *Methodist Circuits* lists in the Search Room.

Dr. Williams' Library: General Registers of Births, 1743-1837

Extracts of Shropshire entries are available at the front of the red binder *Transcripts of Non-Conformist Registers in the PRO*.

Roman Catholic Registers

These are listed separately.
