The 2008/09 rates for school-based training are detailed below and are available at a **15%** discount to Shropshire/Telford & Wrekin LA maintained schools if booked before the end of the **Summer term 2008**.

<b>Duration</b>	<b>Full Rate*</b>	<b>Discounted Rate</b>

**New** for 2008/09 is the introduction of a tiered charging structure for school-based training sessions involving large numbers of staff/groups of schools. Our new charging policy is as follows:

### Whole-day sessions

<b>No. of Staff</b>	<b>Full Rate*</b>	<b>Discounted Rate</b>
0 - 10	£485	£413
11 - 20	£530	£451
20+	£570	£485

### Morning, afternoon, twilight and evening sessions

<b>No. of Staff</b>	<b>Full Rate*</b>	<b>Discounted Rate</b>
0 - 10	£240	£204
11 - 20	£285	£243
20+	£325	£277

NB: Invoices can be split between schools where more than one school is involved. There will be a £20 administration fee for this service.

These discounted rates are available to all schools, irrespective of whether they subscribe or not, and are aimed at encouraging schools to plan their school-based support early in the financial year as part of the school development planning process. The earlier this exercise is undertaken, the more likely it is that schools will be able to book the adviser/consultant they require, on the date they require them.

\* A 25% load applies for non-maintained and out-of-county schools.
