Any information supplied by the Council (whether in the Tender Documentation or otherwise) is supplied only for general guidance in the preparation of tenders.

3.2.2 Any Tenderer considering making the decision to enter into a contractual relationship with the Council must make an independent assessment of the Tender opportunity after making such investigation and taking such professional advice as it deems necessary.

3.2.3 Tenderers will be deemed for all purposes connected with their Tender submission where appropriate to have visited and inspected the Council, its assets, all the locations in respect of the delivery of the services/supplies/works and to have satisfied themselves sufficiently as to the nature, extent and character of the services supplies/works sought, and the human resources, materials, software, equipment, machinery, and other liabilities and other matters which will be required to perform the contract.

3.2.4 The Council will not be liable for any costs incurred by Tenderers in the preparation or presentation of their tenders.

3.2.5 Tenderers are required to complete all pricing schedules in the Invitation to tender documents. The terms "Nil" and "included" are not to be used but a zero or figures must be inserted against each item. Unit rates and prices must be quoted in pounds sterling and whole new pence.

3.2.6 It shall be the Tenderer's responsibility to ensure that all calculations and prices in the Tender documentation are correct at the time of submission.

- 3.2.7** The Tenderer is deemed to have made him/herself acquainted with the Council's requirements and tender accordingly. Should the Tenderer be in any doubt regarding the true meaning and intent of any element of the specification he is invited to have these fully resolved before submitting his Tender. No extras will be allowed for any loss or expense involved through any misunderstanding arising from his/her failure to comply with this requirement.
- 3.2.8** Any Tender error or discrepancy identified by the Council shall be drawn to the attention of the Tenderer who will be given the opportunity to correct, confirm or withdraw the Tender.
- 3.2.9** The Tender Documents must be treated as private and confidential. Tenderers should not disclose the fact that they have been invited to tender or release details of the Tender document other than on an In Confidence basis to those who have a legitimate need to know or whom they need to consult for the purpose of preparing the Tender.

3.3 Parent Company Guarantee

It is a condition of contract that if the tendering company is a subsidiary then its Ultimate Group/Holding Company must guarantee the performance of this contract and provide a letter to that effect signed by a duly authorised signatory of the Ultimate Group/Holding Company if requested to do so by the Council. Where the direct parent company cannot provide an adequate guarantee in the opinion of the Council, the Council will look to another group or associate company, with adequate assets, to be the guarantor. In cases where the contract is with a Joint Venture Company (JVC) or a Special Purpose Vehicle (SPV) company, which may have two or more parent companies and which may not be adequately capitalised or have sufficient financial strength on its own to support the risk and obligations it has under the contract, 'joint and several' guarantees / indemnities from the parent companies of the JVC or SPV may be sought.

3.4 Warranty

The Tenderer warrants that all the information given in their Tender and if applicable their Request to Participate Questionnaire is true and accurate. The information provided will be deemed to form part of any contract formed under this contract.

The Tenderer warrants that none of their current Directors have been involved in liquidation or receivership or have any criminal convictions

4.0 Tender Submission

- 4.1** Tenders must be submitted strictly in accordance with the letter of instruction accompanying this Invitation to Tender using the label provided. Tenders must be submitted by the deadline of **noon, 24th October 2014**. One hard copy and one CD copy of your Tender Response Document must be returned.
- 4.2** No unauthorised alteration or addition should be made to the Specification and Tender Response Document, or to any other component of the Tender document. If any such alteration is made, or if these instructions are not fully complied with, the Tender may be rejected.

- 4.3 Qualified tenders may be submitted, but the Council reserves the right not to accept any such tender. The Council's decision on whether or not a Tender is acceptable will be final.
- 4.4 Tenderers should note that their Tender must remain open and valid and capable of acceptance for a period of at least 90 days.
- 4.5 Tenderers should note that Tenders and supporting documents must be written in English and that any subsequent contract, which may or may not be entered into, its formation, interpretation and performance, shall be subject to and in accordance with the laws of England and subject to the jurisdiction of the Courts of England and Wales.
- 4.6 Where Tender submissions are incomplete the Council reserves the right not to accept them.

5.0 Variant Bids

- 5.1 The Council is interested in alternative solutions which would provide and develop opportunities for savings in service costs, service improvement or other financial benefits. In particular, the Council wishes to encourage solutions which also deliver benefits and added value to the local economy, residents and the business community.
- 5.2 Tenderers may submit, at their discretion, a Tender offering a different approach to the project as a "Variant Bid". However, to permit comparability, at least one bid must be submitted strictly in accordance with the Invitation to Tender Documents (the "Compliant Tender"). Any Tender variant proposed must clearly state how it varies from the requirements of the Compliant Tender Documents, and be explicit in demonstrating the benefits that will accrue to the Council from adopting this approach. Tenderers will be required to identify which submission, in their view, demonstrates best value to the Council.
- 5.3 Variant Bids must contain sufficient financial and operational detail to allow any Variant Bid to be compared with the standard Tender, permitting its considerations in written form.

6.0 Tender Evaluation

- 6.1 The Tenderers may be called for interview to seek clarification of their tender or additional or supplemental information in relation to their tender. The presentations will not carry any weighting to the final score achieved by Tenderers, but will be used to clarify and moderate issues raised in the Tenderer's submissions. Any areas of discrepancy between submissions and information gained from the presentations will be reviewed and scores previously awarded will be amended if necessary.
- 6.2 If the Council suspects that there has been an error in the pricing of a Tender, the Council reserves the right to seek such clarification, as it considers necessary from the Tenderer in question.

- ii) communicating with a Tenderer, a Tenderer's representative or agent in respect of this procurement exercise;

8.2 The Council reserves the right at its absolute discretion to amend, add to or withdraw all, or any part of this Invitation to Tender at any time during the tendering stage of this procurement exercise.

8.3 At any time before the deadline for receipt of tender returns the Council may modify the Invitation to Tender by amendment. Any such amendment shall be numbered and dated and issued by the Council to all participating tenderers. In order to give

prospective Tenderers reasonable time in which to take the amendment into account in preparing its Tender return, the Council may in its sole discretion, extend the deadline for submission of the tender returns. The Council reserves the right to amend, withdraw, terminate or suspend all or any part of this procurement process at any time at its sole discretion.

9.0 Confidentiality

- 9.1** All information supplied by the Council in connection with or in these Tender Documents shall be regarded as confidential to the Council unless the information is already within the public domain or subject to the provisions of the Freedom of Information Act 2000.
- 9.2** The Contract documents and publications are and shall remain the property of the Council and must be returned upon demand.
- 9.3** Tenderers shall ensure that each and every sub-contractor, consortium member and/or professional advisor to whom it discloses these papers complies with the terms and conditions of this ITT.
- 9.4** The contents of this Invitation to Tender are being made available by the Council on condition that:
- 9.4.1** Tenderers shall at all times treat the contents of the Invitation to tender and any related documents as confidential, save in so far as they are already in the public domain and Tenderers shall not, subject to the provisions relating to professional advisors, sub-contractors or other persons detailed below, disclose, copy, reproduce, distribute or pass any of the contents of the Invitation to tender to any other person at any time or allow any of these things to happen;
- 9.4.2** Tenderers shall not use any of the information contained in this Invitation to tender for any purpose other than for the purposes of submitting (or deciding whether to submit) the tender; and
- 9.4.3** Tenderers shall not undertake any publicity activity within any section of the media.
- 9.5** Tenderers may disclose, distribute or pass this Invitation to tender to their professional advisors, sub-contractors or to another person provided that:
- 9.5.1** this is done for the sole purpose of enabling an Invitation to tender to be submitted and the person receiving the Information undertakes in writing to keep the Invitation to Tender confidential on the same terms as if that person were the Tenderer; or
- 9.5.2** the Tenderer obtains the prior written consent of the Council in relation to such disclosure, distribution or passing of the Invitation to Tender; or
- 9.5.3** the disclosure is made for the sole purpose of obtaining legal advice from external lawyers in relation to the procurement or to any Contract(s) which may arise from it; or
- 9.5.4** the Tenderer is legally required to make such a disclosure.
- 9.6** The Council may disclose detailed information relating to the Invitation to Tender to its officers, employees, agents, professional advisors or Governmental

organisations and the Council may make any of the Contracts and procurement documents available for private inspection by its officers, employees, agents, professional advisors, contracting authorities or Governmental organisations.

9.7 Transparency of Expenditure

Further to its obligations regarding transparency of expenditure, the Council may be required to publish information regarding tenders, contracts and expenditure to the general public, which could include the text of any such documentation, except for any information which is exempt from disclosure in accordance with the provisions of the Freedom of Information Act to be determined at the absolute discretion of the Council.

10.0 Freedom of Information

10.1 Please note that from 1 January 2005 under the provisions of the Freedom of Information Act 2000, the public (included in this are private companies, journalists, etc.) have a general right of access to information held by public authorities. One of the consequences of those new statutory responsibilities is that information about your organisation, which Shropshire Council may receive from you during this tendering process may be subject to disclosure, in response to a request, unless one of the various statutory exemptions applies.

10.2 In certain circumstances, and in accordance with the Code of Practice issued under section 45 of the Act, Shropshire Council may consider it appropriate to ask you for your views as to the release of any information before we make a decision as to how to respond to a request. In dealing with requests for information under the Act, Shropshire Council has to comply with a strict timetable and it would therefore expect a timely response to any such consultation within five working days.

10.3 If, at any stage of this tendering process, you provide any information to Shropshire Council in the expectation that it will be held in confidence, then you must make it clear in your documentation as to the information to which you consider a duty of confidentiality applies. The use of blanket protective markings such as "commercial in confidence" will no longer be appropriate and a clear indication as to what material is to be considered confidential and why should be given.

10.4 Shropshire Council will not be able to accept that trivial information or information which by its very nature cannot be regarded as confidential should be subject to any obligation of confidence.

10.5 In certain circumstances where information has not been provided in confidence, Shropshire Council may still wish to consult with you as to the application of any other exemption such as that relating to disclosure that will prejudice the commercial interests of any party. However the decision as to what information will be disclosed will be reserved to Shropshire Council.

For guidance on this issue see: <http://www.ico.gov.uk>

11.0 Disqualification

- 11.1** The Council reserves the right to reject or disqualify a Tenderer's Tender submission where:
- 11.1.1** The tenderer fails to comply fully with the requirements of this Invitation to tender or is in breach of clause 15 of the Council's General Terms and Conditions relating to Bribery and Corruption or is guilty of a serious or intentional or reckless misrepresentation in supplying any information required; or
- 11.1.2** The tenderer is guilty of serious or intentional or reckless misrepresentation in relation to its tender return and/or the procurement process.
- 11.1.3** The tenderer directly or indirectly canvasses any member, official or agent of the Council concerning the award of the contract or who directly or indirectly obtains or attempts to obtain information from any such person concerning any other Tender or proposed Tender for the services. The Canvassing Certificate must be completed and returned as instructed.
- 11.1.4** The Tenderer :
- a) Fixes or adjusts the amount of his Tender by or in accordance with any agreement or arrangements with any other person; or

 - d) Offers or agrees to pay or give or does pay or gives any sum of money, inducement or valuable consideration directly or indirectly to any person for doing or having done or causing or having caused to be done in relation to any Tender or proposed Tender for the services any act or omission.
- 11.2** Any disqualification will be without prejudice to any other civil remedies available to the Council and without prejudice to any criminal liability which such conduct by a Tenderer may attract. The Non-Collusive Tendering Certificate must be completed and returned as instructed.
- 11.3** The Council reserves the right to disqualify an Applicant from further participating in this procurement process where there is a change in the control or financial stability of the Tenderer at any point in the process up to award of a contract and such change of control or financial stability has a materially adverse effect on the Tenderer's financial viability or ability to otherwise meet the requirements of the procurement process.

12.0 E-Procurement

As part of its procurement strategy Shropshire Council is committed to the use of technology that can improve the efficiency of procurement. Successful Tenderers may be required to send or receive documents electronically. This may include

purchase orders, acknowledgements, invoices, payment advices, or other procurement documentation. These will normally be in the Council's standard formats, but may be varied under some circumstances so as not to disadvantage small and medium suppliers.

13.0 Award of Contract

13.1 Award Criteria

The Award Criteria has been set out within the Tender Response Document accompanying this invitation to tender. The Council is not bound to accept the lowest or any Tender.

13.2 Award Notice

The Council will publish the name and addresses of the successful Tenderers in the Official Journal of the European Union (OJEU) where appropriate. The Contracting Authority reserves the right to pass all information regarding the outcome of the Tendering process to the Office of Fair Trading to assist in the discharge of its duties. Additionally, the Council will adhere to the requirements of the Freedom of Information Act 2000 and Tenderers should note this statutory obligation.

13.3 Transparency of Expenditure

15.1 Tenders must be submitted strictly in accordance with the terms of the Council's Invitation to Tender documentation and acceptance of the tender shall be conditional on compliance with this Tender Condition.

15.2 The Tender documentation including, the General and Special Terms and Conditions of Contract, the Tender Response document, these Instructions to Tender, together with the formal written acceptance by the Council will form a binding agreement between the Contractor and the Council.

16.0 Payment Terms

Tenderers should particularly note that the principles governing public

procurement require that, as far as is reasonably possible, payments for Goods, Works or Services are made after the provision. Therefore any indication of a pricing strategy within a Tender which provides for substantial payments at the outset of the Contract will be examined carefully to decide whether or not a Tender in such form can be accepted. If in the opinion of the Council such substantial payments appear excessive in relation to the requirements of the Contract the Council reserves, without prejudice to any other right to reject any Tender it may have, the right to require the Tenderer to spread such proportion of the costs as are considered excessive over the duration of the Contract.

17.0 Liability of Council

- 17.1 The Council does not bind himself to accept the lowest or any tender.
- 17.2 The Council does not accept any responsibility for any pre-tender representations made by or on its behalf or for any other assumptions that Tenderers may have drawn or will draw from any pre-tender discussions.
- 17.3 The Council shall not be liable to pay for any preparatory work or other work undertaken by the Tenderer for the purposes of, in connection with or incidental to this Invitation to Tender, or submission of its Tender response or any other communication between the Council and any other party as a consequence of the issue of this Invitation to Tender.
- 17.4 The Council shall not be liable for any costs or expenses incurred by any Tenderer in connection with the preparation of a Tender return for this procurement exercise, its participation in this procurement whether this procurement is completed, abandoned or suspended.
- 17.5 Whilst the Tender Documents have been prepared in good faith, they do not purport to be comprehensive nor to have been formally verified. Neither the Council nor any of its staff, agents, elected Members, or advisers accepts any liability or responsibility for the adequacy, accuracy or completeness of any information given, nor do they make any representation or given any warranty, express or implied, with respect to the Tender Documents or any matter on which either of these is based (including, without limitation, any financial details contained within the Specification and Contract Documentation). Any liability is hereby expressly disclaimed save in the event of fraud, or in the event of specific warranties provided within the Contract Documentation.

AMC 003 - Contract for WEEE recycling

SPECIFICATION

This tender seeks to procure a contract for the collection and treatment of all household Waste Electrical & Electronic Equipment (WEEE) that is brought by the public to our 5 household recycling centres (HRC's) in Shropshire. All sites are designated collection facilities (DCF's) for WEEE in line with the WEEE regulations 2006, as amended.

The Contract requires a Producer Compliance Scheme (PCS) to act as a managing agent to organise the collection of all WEEE streams. The tender seeks a holistic solution to the management of all domestic WEEE streams by a fully licenced and approved scheme operating via a single integrated contract. **As such this tender is only open to PCSs who are approved by the Environment Agency for England and Wales to manage ALL WEEE streams.**

The Contract will give the successful PCS exclusivity to manage WEEE on our behalf for the duration of the contract. The tender invites the PCS to outline your schemes position with regards to income received from net value WEEE streams.

Background

The Authority manages a network of 5 household recycling centres, all of which have been registered as DCFs. (A list of the DCFs is provided as Appendix 1). The day to day operation of these sites is already encompassed within a long term PFI Contract but the removal and recycling of WEEE is specifically excluded. The provision, maintenance, signing and staffing of DCFs shall remain entirely the responsibility of the site operator.

Service requirements

This Contract seeks to procure the collection and treatment of all WEEE brought to our sites by the public. This entails the provision of containers, their collection and haulage to AATFs. This includes at sites which cannot accommodate containers, WEEE which is stored on hard-standing where the PCS will need to appoint a sub-contractor with sufficient resources for the loading of such units.

Appendix 1 provides an indication of the size of storage areas at individual DCFs by the volume of WEEE that each centre can store. Smaller DCFs may experience difficulty in accommodating storage containers. Collection of WEEE from such sites may, therefore, entail more frequent collections of smaller volumes of WEEE. The tenderers are therefore reminded to take account of any special arrangements such as manual handling that the collection of WEEE from such sites may entail.

The tender invites the PCS to outline your schemes position with regards to income received from net value WEEE streams. Where it may achieve Best Value the Council reserves the right to seek to remove individual WEEE streams from this tender and seek to 'self-treat' them in line with section 53 of the WEEE Regulations 2013.

1. Business continuity

The existing arrangements for collection from the DCFs are outlined in Appendix 1. It is essential that the sites can continue to operate for the public without disruption, as such any changes need to be implemented in partnership with the site operator.

The successful PCS will be given all reasonable access to DCFs during the site opening times, with full co-operation from the site operator. The Contractor, however, must fully co-operate with the site operations requirements and comply with the site rules and operating procedures.

2. Containers supplied for WEEE

The PCS shall be responsible for the provision of suitable storage containers to hold WEEE, handling equipment for loading WEEE into transport, vehicles to transport WEEE from DCFs together with any other resources that these processes may require.

We reserve the right to request the replacement of containers that do not meet the Authority's safety, maintenance or appearance standards.

3. Collection of WEEE

The PCS appointed haulier / sub-contractor must be registered carrier of controlled waste under section 2 of the Control of Pollution Act and must have full regard for the Duty of Care obligations.

The contractor should be aware that they will be wholly responsible for loading/unloading WEEE containers and the site operator does not provide assistance.

Collections schedules can vary with the seasonality of certain waste streams and as such it is essential that the PCS is able to demonstrate an ability to make sure that collections can be undertaken on an “as-necessary” basis within a maximum of 24 hours of receiving notification from the DCF.

4. Treatment of WEEE

All WEEE must be taken to fully authorised and approved treatment facilities only.

We would expect that selection of AATFs used for this contract would consider the waste hierarchy, the proximity principle and other sustainability issues such as recovery rates achieved.

As such we would favour the use of UK based AATFs over Approved Exporters.

5. Social value of WEEE

As a public authority, in line with the Public Services (Social Value) Act 2012 the Council has due regard to economic, social and environmental well-being in Shropshire. We would like to see evidence of how contractors could help deliver these benefits within Shropshire where practicable.

As a minimum requirement the PCS must work with the non profit making and voluntary sector in line with the requirements of paragraphs 21 to 23 inclusive of the CoP. We would welcome enhanced working relationships developed in this area where practicable.

6. Reporting of WEEE data

The Contractor is required to report to the Council on a monthly basis:

- (a) the monthly and cumulative tonnage of each category of WEEE collected from each DCF
- (b) the monthly and cumulative tonnage of each category of WEEE reused from each DCF
- (c) the monthly and cumulative tonnage of each category of WEEE recycled from each DCF
- (d) the monthly and cumulative tonnage of each category of WEEE disposed of from each DCF
- (e) full details of all 3rd parties, hauliers, merchants and processors used to manage WEEE
- (f) the name, address and permit number of all AATFs used to process WEEE

Data should be submitted electronically to the Council. Data submission must be monthly to allow the Council to comply with the Waste Data Flow reporting scheme. This may be augmented with graphical representation if appropriate.

7. Ancillary services for WEEE

We would welcome creative proposals to maximise capture of WEEE in Shropshire. Examples may include e.g. bring banks, school collections, B2B services for local SME's, community working, education & PR support services.

Appendix 1 – current schedule of Designated Collection Facilities (DCF)

Below is a schedule of DCFs, giving an indication of their locations, size or categories of WEEE that the DCFs would be able to handle. DCFs shall be in compliance with the requirements of the Annex of the Code of Practice, attached as Appendix 1.

The information provided within the Schedule is indicative. Final site arrangements will have to be refined based on a joint site survey with the PCS, DCFs' Operators and the Authority's Representative if necessary. All figures quoted are approximate and the Authority accepts no liability in terms of their accuracy within the Contract Period.

Tonnages of each category of WEEE collected from each DCF in 2013/14 are included in a separate table and attached as Appendix 2. These tonnages are not a guarantee as to the tonnages that will need to be collected but are provided as information to indicate the likely the tonnages to be managed.
