

SHROPSHIRE HEALTH AND WELLBEING BOARD

Report

Meeting Date	15 June 2023			
Title of report	JSNA Update			
This report is for (You will have been advised which applies)	Discussion and agreement of recommendations		Approval of recommendations (With discussion by exception)	Information only (No recommendations) x
Reporting Officer & email	Jessica Edwards Public Health Intelligence Manager Jess.edwards@shropshire.gov.uk			
Which Joint Health & Wellbeing Strategy priorities does this report address? Please tick all that apply	Children & Young People	x	Joined up working	x
	Mental Health	x	Improving Population Health	x
	Healthy Weight & Physical Activity	x	Working with and building strong and vibrant communities	x
	Workforce		Reduce inequalities (see below)	x
What inequalities does this report address?	Inequalities in health outcomes, service provision/access			

Report content - Please expand content under these headings or attach your report ensuring the three headings are included.

1. Executive Summary

This report presents to the Health and Wellbeing Board an update on Shropshire's JSNA; progress to date, future direction of the JSNA and timescales.

2. Recommendations (Not required for 'information only' reports)

The Health and Wellbeing Board:

- Note the update to work programmes and timescales

3. Report

Joint Strategic Needs Assessment (JSNA)

Work continues on the JSNA development programme subsequent to standing down of parts of Omicron reporting. The JSNA has been managed as separate workstreams; a place-based approach and development of web-based media (Power BI interactive reports) to present needs assessments. We aim to draw these two workstreams together to create web-based interactive profiles for Place Plan areas in Shropshire. The third element comprises the thematic based JSNAs.

Place-Based Needs Assessment (PBNA)

Profiles for Highley and Oswestry, the first of the "Wave 1" priority Place Plan areas, have been published on the Council website (also attached as Appendix A & B) and include the Place Plan Area profiles developed from the data and engagement work in each area. Following the local community stakeholder engagement events, an action plan for each area has been produced and both are in the process of being implemented in partnership with community groups (Appendix C Highley Action plan). The first and second profiles (Highley and Oswestry) have already been used by system partners to identify and address Health Inequalities in the South-East and North-West of the County.

The remaining "Wave 1" priority Place Plan areas of Bishop's Castle and Whitchurch are in their final draft, following insightful community stakeholder events and will be published shortly.

“Wave 2” profiles have also commenced, with the Shrewsbury Profile currently in production. This is being developed concurrently with preliminary engagement, the results of which will be analysed and taken to the local community engagement event in June 2023. The production of profiles for Ludlow, Market Drayton and Bridgnorth (the remaining “Wave 2” Place Plan areas) will follow, with the aim to publish all “Wave 2” profiles by Autumn 2023.

Our ambition is to publish all 18 Place Plan Area profiles by Autumn to 2024.

In addition, work is beginning on high level profiles spanning a multitude of health and wellbeing outcomes and causal factors for all 18 Place Plan areas in Shropshire. We will report back to the Board with details of these as prototype products are created.

Web-Based Needs Assessment

Substantial content has been added to WBNA. As well as the overview of key demographic data for Shropshire overall and (where available) its communities, several sections have been added taking a life-course approach focusing on particular cohorts and wider determinants of health. To date the following sections have been added:

People – population, ethnicity, life expectancy and population density.

Starting Right - conception, perinatal measures, and family environment/vulnerability at birth

School Years - educational attainment, provision, SEND, FSM

Adult Wellbeing - currently predominantly behavioural measures; obesity, physical activity, drug and alcohol

Ageing Well – Health checks, outcomes associated with older populations

IMD – Deprivation indices

Employment and Economy – Activity, occupations, qualifications, business health, earnings.

Quality of Life – Crime, measures of social fabric communities, franchise etc.

Further content and narrative sections are in the progress of being added, including updating data using the 2021 Census. Subsequent to these reports being developed and signed-off the dashboard will be implemented into the Shropshire Council public facing webpage in a similar way to how traditional static reports have been published. This new way of presenting information will allow audience to explore and appropriate the information for their own uses beyond what traditional reporting allows. In addition, as part of developing these tools many of the underlying data retrieving has been automated, with the intention that the data that audience access in the web-based needs assessment is always the latest available independent of any need for manual updating.

Thematic Joint Strategic Needs Assessments

Pharmaceutical Needs Assessment (PNA)

This consultation period for the draft PNA closed on 30th September and the final PNA was published on 1st October. Any substantial changes to the provision or need for pharmacy services will be brought to the Board and supplementary publications to reflect said changes considered.

Other ongoing and significant workstreams in the coming period

- Annual Public Health Report (APHR)- draft under review
- Children and Young People Needs Assessment (0-19s)

Summary of key milestones completed and forthcoming in Public Health Intelligence

October 2022 – Publication of Pharmaceutical Needs Assessment.

October 2022 – Profiling to support Dental Programme Targeting.

October 2022 – Alignment of WBNA and PBNA through initial high-level profile for Highley Place Plan

November 2022 – Refinement and initial publication of Web-Based Needs Assessment tool.

December 2022 – First stages of APHR initial development.
 January 2023- Planning and commencement of the Comprehensive Children and Young’s People’s Needs Assessment (Project plan attached).
 February 2023 – Autism strategy evidence review.
 May 2023 - Publication of the Drug and Alcohol Needs Assessment
 Summer 2023 - Ongoing refinement, data acquisition and analysis in relation to Place Plan indices for Place-Based Needs Assessments.
 May to December 2023- Production of the Children and Young’s People’s JSNA (six chapters: Maternity, Early Years, School Aged Children (5-11 and 12-16) and Young People)
 December 2023- Presentation of Children and Young’s People’s Service User Survey (as part of the Children and Young’s People’s JSNA)
 January 2024 – Publication of the Comprehensive Children and Young’s People’s Needs Assessment
 July 2024- Publication of all 18 Place Plan Area Profiles.

<p>Risk assessment and opportunities appraisal (NB This will include the following: Risk Management, Human Rights, Equalities, Community, Environmental consequences and other Consultation)</p>	<p>A single, coordinated approach continues to be supported in the development of place-based profiles and needs assessments which in turn support place-based working. This will take time to develop and is intrinsically linked to the refresh of the HWB Strategy.</p> <p>Therefore, this report seeks agreement to the approach and ongoing work programme in terms of the development of a coordinated evidence base for the whole system, delivered under the JSNA umbrella.</p>
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<p>Financial implications (Any financial implications of note)</p>	
----------------------------------------------------------------------------------------	--

<p>Climate Change Appraisal as applicable</p>	
------------------------------------------------------	--

<p>Where else has the paper been presented?</p>	<p>System Partnership Boards</p>	<p>Regular updates have come to ShIPP, HWBB and Healthy Lives Steering Group.</p>
	<p>Voluntary Sector</p>	
	<p>Other</p>	

List of Background Papers (This MUST be completed for all reports, but does not include items containing exempt or confidential information)

Cabinet Member (Portfolio Holder) Portfolio holders can be found [here](#) or your organisational lead e.g., Exec lead or Non-Exec/Clinical Lead

Cllr Cecilia Motley – Portfolio Holder for Adult Social Care, Public Health & Communities
 Rachel Robinson – Executive Director, Health, Wellbeing and Prevention

Appendices
 (Please include as appropriate)
 Appendix A & B- Place Plan profiles: Highley & Oswestry
 Appendix C- Place Plan Action Plan for Highley
