	Mental Health	<input checked="" type="checkbox"/>	Improving Population Health	<input checked="" type="checkbox"/>
	Healthy Weight & Physical Activity	<input checked="" type="checkbox"/>	Working with and building strong and vibrant communities	<input checked="" type="checkbox"/>
	Workforce	<input checked="" type="checkbox"/>	Reduce inequalities (see below)	<input checked="" type="checkbox"/>
What inequalities does this report address?	As Inequalities is a priority of ShIPP, the Board and its programmes work to reduce inequalities and health inequalities in Shropshire.			
<p>1. Executive Summary</p> <p>As a reminder, the purpose of Shropshire Integrated Place Partnership (ShIPP) is to act as a partnership board of commissioners, providers of health and social care and involvement leads, in Shropshire, to ensure that the system level outcomes and priorities agreed at ICS and Programme boards are implemented at place level in Shropshire. The Board will take into account the communities and people we work with, the individuals/ citizens (including carers) that we serve, the different delivery models needed, and our focus on reducing inequalities. ShIPP has adopted the key priorities of the HWBB as well as place-based priorities of the ICS. They are:</p> <ul style="list-style-type: none"> • Children's and Young People's Strategy • Prevention/Healthy Lifestyles/Healthy Weight • Mental Health, Workforce • Community Capacity & Resilience with the VCSE • Local Care and Personalisation (incl. involvement) • Supporting Primary Care Networks • Integration and One Public Estate • Tackling health inequalities <p>This paper presents an overview of the Shropshire Integrated Place Partnership (ShIPP) Board meetings held in April and May 2023 and includes actions, for assurance purposes.</p> <p>It also includes an update on the Better Care Fund planning progress which highlights the development of a two-year plan, with sign off required by 28th June, 2023.</p> <p>2. Recommendations</p> <ol style="list-style-type: none"> 1. The Health and Wellbeing Board is asked to recognise the work underway to address the key priorities of ShIPP, as well as the risks in the system, highlighted by the Board. 				

2. The Health and Wellbeing Board is asked to note progress and endorse the Better Care Fund (BCF) 2 year plan priorities and development areas.
3. The Health and Wellbeing Board is asked to delegate sign off for the 2023/24 2 year plan to the Executive Director of People, Shropshire Council, and Director of Delivery & Transformation, Integrated Care Board (following endorsement of system partners through the appropriate governance and Chief Officers group).

3. Report

This paper serves as an assurance paper from the Shropshire Integrated Place Partnership (SHIPP), detailing action on priorities, and provides an update on the Better Care Fund planning process.

Appendix A below provides detail of agenda items and actions to take forward the HWB Strategy and SHIPP Strategic Plan.

Better Care Fund

The BCF in Shropshire is seen as a positive enabler to delivery our priorities; it is not new money, but funding that is pooled to deliver joint priorities. It has been clear that the 2 year plan provides us a significant opportunity to develop key areas and priorities identified by the HWBB, SHIPP, UEC and the Joint Forward Plan. The partnership working group have had significantly positive conversations regarding key development areas for 23-25 and recognise that substantial changes will likely occur in year 2, giving 23/24 to undertake the detailed work needed to work with system partners. The key areas of development include:

- Local Care Transformation
- Falls
- Commissioning of Care Homes
- Commissioning of Domiciliary/ Intermediate Care
- Digital
- Carers
- Complex placement for Children and Young People, LD Autism, Mental Health

These development areas fit nicely within our BCF priorities and key programmes, which are:

Prevention and inequalities – keeping people well and self-sufficient and in their usual place of residence; key programmes include: Healthy Lives, including community referral (Let's Talk Local, Community Development, Social Prescribing and Health coaches), Healthy Weight, Dementia strategy, Voluntary and Community Sector grants and contracts (Wellbeing and Independence and Advice and Advocacy contracts, Falls and hospital discharge), Assistive tech (through the DFG), Population Health Management, Carers, Mental health and Early Help services for children and young people. Our inequalities work crosses all work programmes but can be articulated in this section. We have developed a Shropshire Inequalities Strategy and are implementing a number of programmes under the banner of the Core 20 Plus 5 model (articulated in the Inequalities section).

Admission Avoidance – when people are not so well, we support people to find the right service at the right time, in the community; key programmes include: Local Care (Rapid Response, Proactive Care (Case Management), Respiratory, Virtual ward), Integrated Community Services, Carers, Winter Pressures schemes, Occupational Therapy and Mental Health.

Delayed Transfers and system flow – when people have had to go into hospital, we are working collaboratively through the Urgent Care Board and the Hospital Discharge Alliance, using the 9 High Impact Model, learning from Covid, Discharge to Assess and an Enhanced Integrated Discharge Hub, to ensure system flow; Key areas of work include: Enhanced Integrated Discharge Hub (hospital social work interface and short term support purchasing), Start Reablement Team, Integrated community services, Equipment contract, Assistive technology, and Pathway 0.

Four key elements unite all of our programmes:

- a focus on inequalities
- a focus on integration and collaborative commissioning

<ul style="list-style-type: none"> • taking a strengths-based, person-centred approach at every stage – personalised care • taking an evidence-based approach <p>The final plan is due on the 28th June, and is not ready for publication at the 15th June HWBB, and therefore the recommendation is for delegated sign off, with full approval at the next HWBB.</p>		
Risk assessment and opportunities appraisal (NB This will include the following: Risk Management, Human Rights, Equalities, Community, Environmental consequences and other Consultation)	<p>The work of SHIPP aims to reduce inequalities found in our community and to address variation in care across our services.</p> <p>SHIPP highlights key risks for system as discussed at the Board. These include:</p> <ul style="list-style-type: none"> • Voluntary and Community Infrastructure Funding that supports volunteer development and brokerage, fledgling voluntary organisation, and voluntary sector grant funding application support is not identified for 2023/24 • Mismatch in funding available for hospital discharge 	
Financial implications (Any financial implications of note)	<p>There are no direct financial implications as a result of this report. However, the full financial portfolio for the Better Care Fund will be included the next Board report.</p>	
Climate Change Appraisal as applicable	<p>Working to support people in local communities, reducing the need to travel is very important to the work and priorities of SHIPP.</p>	
Where else has the paper been presented?	System Partnership Boards	Appendices reported to the ICS Board
	Voluntary Sector
