

## **CABINET – 11 MARCH 2026**

### **PUBLIC QUESTIONS**

#### **Public Questions**

##### **1. Christopher James**

###### **Question:**

In response to an earlier question I was informed that the works contract for the Shrewsbury Railway Station Gyrotory was awarded to McPhillips. The contract value was £2,545,830 and the end date was 31 March 2025. A report to the Scrutiny Committee in November 2025 stated that the work was not yet complete. I submitted a question on line on 6 January 2026 regarding the date for completion. On 28 January 2026 I submitted the same question by email to the Council's "Democracy" email address. I have not received a response to either request. Has completion been certified and, if not, has a taking over certificate been issued? How much has McPhillips been paid to date under this contract?
