

## THE PREVENTION OF PUBLIC NUISANCE

My representation to the Committee is in relation to the Greenhouse cocktail bar in Bridgnorth. I am virtually living in one of the closet properties overlooking the Greenhouse rear garden. I am regularly disturbed by the very loud noise of the events such as the El Casa day parties, tribute bands, Ibiza nights, advertised garden parties and DJs to name a few. The noise level has increased to unacceptable levels on a regular basis. The gigantic speakers erected in the garden for these events are far too excessive for the surroundings with very little respect for neighbouring residents and the environment of a market town. It appears the end game is to create a night club type venue encouraging people from out of town to the establishment. I am unable to sit out and enjoy my garden (front and rear) during the summer months or have any windows open especially as this summer has been so hot. Paintings and pictures on my walls vibrate and a couple have fallen off due to the excessive volume level and the bass. I did make some comments on social media on a Bridgnorth group to voice my concerns with other residents and I was blocked by the Greenhouse web page. The Directors never contacted me to explain why I was blocked for being honest about the excessive noise level. They have also built a garden outdoor bar/ serving area around a wooden shed which would indicate the intent to host even more future outdoor events. In May 2026 bank holiday, I went down to Severn Park in low town for the Bridgnorth carnival. This is on the other side of the river. The Disco music from the greenhouse could be clearly heard from there. If I could hear it that clearly there, can you imagine what it was like when I returned home in high town which is right next to the venue. I am disabled and have no way of leaving my property during these events unless I have assistance. In many instances, I feel trapped in my home in what I feel is a hostile/ threatening environment.
