## Health

### General Health

The 2011 Census asked three questions relating to health and the provision of unpaid care. The questions relate to whether people felt their general health was good, whether they looked after or gave help or support to other family members, friends, neighbours or others and lastly whether their day to day activities were limited because of a health problem or disability.

- At the time of the 2011 Census 48% of people in Badger said that they felt they were in “Very Good Health”, this compares to 46% for Shropshire as a whole.
- Nobody reported that they were in very bad health.

### Provision of Unpaid Care

The 2011 Census asked three questions relating to health and the provision of unpaid care. The questions relate to whether people felt their general health was good, whether they looked after or gave help or support to other family members, friends, neighbours or others and lastly whether their day to day activities were limited because of a health problem or disability.

- At the time of the 2011 Census 48% of people in Badger said that they felt they were in “Very Good Health”, this compares to 46% for Shropshire as a whole.
- Nobody reported that they were in very bad health.
- 6% said they provided over 50 hours of unpaid care. This is slightly higher than the figure for Shropshire as a whole (2%) and England & Wales (2%).

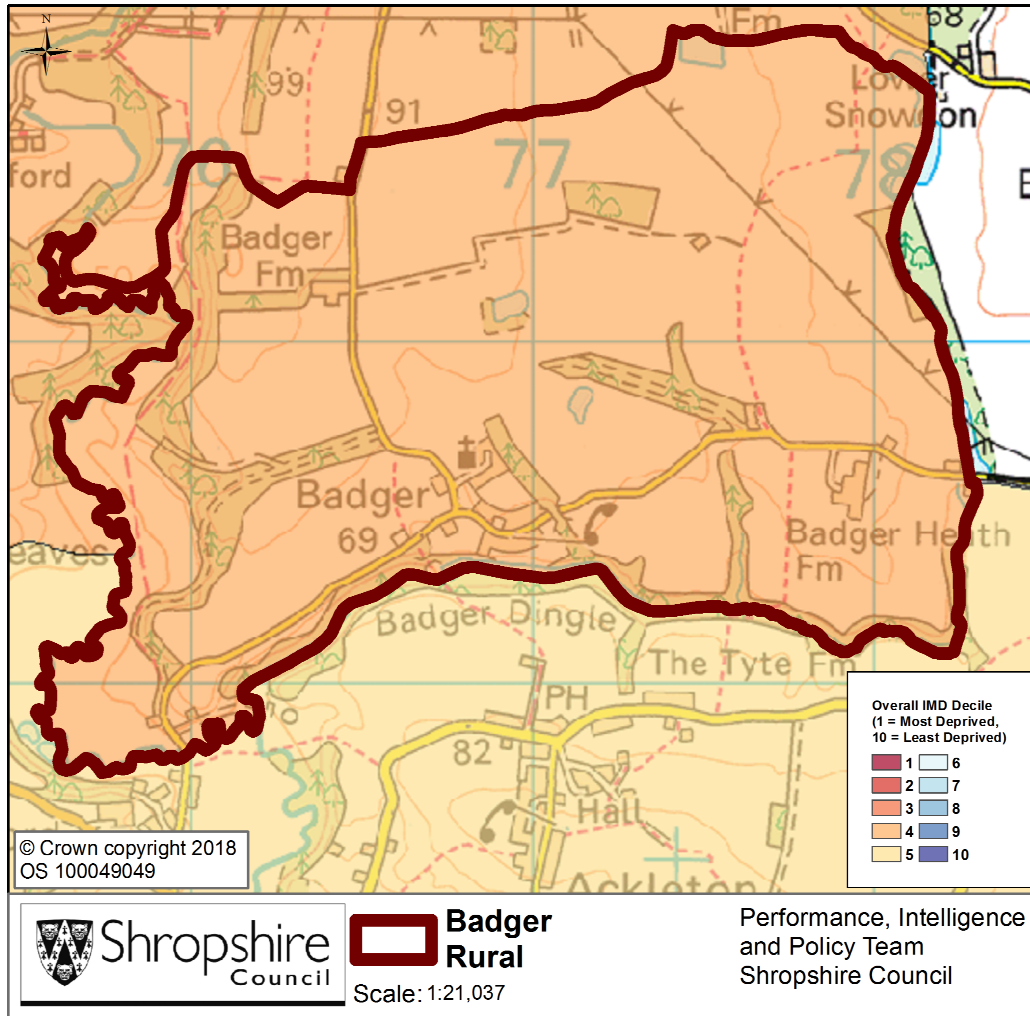

### Long Term Illness or Disability

The Census asked “Are your day-to-day activities limited a lot due to a health problem or disability which has lasted, or is expected to last, at least 12 months?”

- 6% said that their day-to-day activities were limited a lot due to a health problem or disability. This is less than the County figure of 8%.
- The percentage who reported their day-to-day activities were limited a little was 15%. This is slightly higher than the figure of 10% for Shropshire as
