Learning together can be really enjoyable. Many parents find that it helps their children and they secretly enjoy it too. The Family Learning team, in association with some primary schools throughout the county, provide a range of short courses to encourage joint learning. Courses like 'Keeping up with the Children' offer the chance

for parents to see how children are taught Maths or English in school; other courses,

such as 'Family Cooking' are intended to be an opportunity to learn new skills together. If you are interested in Family Learning, ask at your local primary school to see if they are involved or contact Family Learning on **01743 562061 / 01743 562063**
