Shropshire Council's welfare support team

The welfare support team administers the council's Local Support and Prevention Fund (LSPF) and is the first point of contact for housing options team (homelessness) calls. We aim to not just provide the immediate support required to people, but to encourage them to seek support in order to avoid them finding themselves in a crisis situation in the future. People who contact us often need a range of support. The team has great links with the council's First Point of Contact Team (FPOC), who deal with adult and child concerns, with social work teams (including mental health) and with the housing options team. As the first point of contact for housing options team (homelessness) calls, we consider awards from LSPF to avoid homelessness and to assist people with the transition to more permanent housing.

All requests will be considered on an individual basis, with due account given to the vulnerability and personal circumstances of each customer.

- They can ask for a paper form
- They can download a printable form from the relevant council webpage for LSPF <https://new.shropshire.gov.uk/benefits/what-help-can-i-claim-from-the-council/local-support-and-prevention-fund/>
