Shropshire County Council (SCC) is not legally compliant and in addition is unsound due to the fact that the points allocation required to bring the village into a Hub status is not met.

SCC have ignored evidence provided by the Parish Council clearly demonstrating

A) The shop has closed and will not re-open evidenced by reason of a change of use to domestic dwelling that has been submitted to SCC in January 2021. Despite the fact that SCC have been advised a number of times that the closing of this facility is permanent, SCC still allocate the number of points for this facility.

B) The property on which the bowling green was sited changed hands in 2017 and the new owner gave written notice to the small number of users that this facility was no longer available. Again SCC were advised of this but continue to allocate points despite this facility not being in existence for some years.

When the points allocated for these two facilities are removed, the points system brings Clive below Hub status.

Q5. Please set out the modification(s) you consider necessary to make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at Q4 above.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Simply by SCC using the points system that they set up originally that determined Clive had Hub status, to now apply the points that correctly reflect the current points allocation.

This simple and consistent method of points allocation will reduce the number of points to below the threshold for Hub status.
