Q4. Please give details of why you consider the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The document is biased towards economic growth and infrastructure with little consideration of environmental impact and therefore fails to ensure all development will be sustainable. Sustainability targets lack ambition and fall far short of what is needed to address the climate and ecological crises.

Instead of being at the heart of the document, sustainability often appears to have been shoehorned in with phrases such as 'moving towards'. This weak wording is in contrast to the specific targets for new houses, employment land and infrastructure.

The document reads like a 'business as usual' scenario with little consideration of the recently declared climate emergency and fails to deliver a plan for the sustainable development needed for the people of Shropshire

You will need to say why each modification will make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

I would suggest a paragraph in every section detailing how the proposed developments will be carbon neutral and have a net gain for biodiversity
