Representation Form

Please complete a separate Part B Representation Form (this part) for each representation that you would like to make. One Part A Representation Form must be enclosed with your Part B Representation Form(s).

We have also published a separate Guidance Note to explain the terms used and to assist in making effective representations.

Q5. Please set out the modification(s) you consider necessary to make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at Q4 above.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

We ask that the Independent inspector looks at our infrastructure and our facilities, and realises that we, as a community, cannot cope with large developments; or withtake anymore houses or people.

The Independent inspector should look at the previous responses to the consultation from Cressage residents, as we were ignored. There were many hundreds of objections and these have not been evaluated or assessed fairly by Shropshire Council. I ask the inspector to evaluate the consultation process.

We ask that the Independent inspector reviews the Countryside Charities objections and responses, and considers them in depth.

We ask the Independent inspector to review Shropshire Councils consultation process during Covid-19 and the obvious impacts that has had on preventing people from replying.

(Please continue on a separate sheet if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

Q6. If your representation is seeking a modification to the Regulation 19: Pre-Submission Draft of the Shropshire Localian, do you consider it necessary to participate in examination hearing session(s)?

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

Please note: The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
