I endorse the initial objection to the planned development in Cressage. First and foremost, this village is not a hub, our infrastructure cannot accommodate the planned increase of population for the following reasons:

The village health care centre struggles to cope with the number of residents here and surrounding villages throughout a "normal year".

The village primary school is at capacity and requires additional supply teachers to cope. To increase the attendance at either, the doctors surgery or the primary school would cause major parking and traffic issues within our village. The result, street parking would disrupt or eliminate our public bus service and create an even more difficult navigation on the bus route. The bus service is vital to our village. This falls under policy number DP25 within the document, Regulation 19

Access and egress from the A458 (Shrewsbury/Bridgnorth Road) would be exceptionally dangerous and would require some method of traffic control. At this stage, you will have effectively annihilated our AONB which falls under policy number DP24 within the document Regulation 19.

This will lead to the total destruction of Shropshire's "Greenfields", hedgerows, trees and wildlife; all to build a mass of houses with will be priced beyond the local people and first time buyers, policy DP3 within the document, Regulation 19.

We are dismayed that our local county councillor is not more supportive of our extremely united community. We are totally and empathetically against this development which will be the end of our beautiful village and the life that we all work hard to protect.

**Q5. Please set out the modification(s) you consider necessary to make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at Q4 above.**

*Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.*

I ask that the Independent inspector looks at our infrastructure and our facilities, and realises that we, as a community, cannot cope with large developments.

I ask that the Independent inspector looks at the previous responses to the consultation from Cressage residents. There were many hundreds of objections and it feels these have not been evaluated or assessed fairly by Shropshire Council. I ask the inspector to evaluate the consultation process.

I ask that the Independent inspector reviews the Countryside Charitys objections and responses and considers them in depth.

I ask the Independent inspector to review Shropshire Councils consultation process during Covid-19 and the obvious impacts that has had on preventing people from replying.
