We agree with the allocation of site BIT022 for Bicton.

The provision of 15 dwellings for the site is however to low. The site extends to approximately 1.8 hectares which would create a housing density of 8.33 dwellings to the hectare. Even at a conservative 20 dwellings to the hectare the site could accommodate up to 36 dwellings. Given that the housing guideline for Bicton is proposed to be 30 dwellings the allocated site should take all of these dwellings. The Council should consider increasing the housing guideline for Bicton based on the capability of the site. The site could easily be extended north to accommodate additional dwellings if required.

A number of housing developers have expressed their interest in purchasing and building the site. Discussions at this stage remain confidential as the client is seeking to secure the allocation prior to offering the site to the market. There should be no concerns over the viability or deliverability of the site.

(Please continue on a separate sheet if necessary)

Q5. Please set out the modification(s) you consider necessary to make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at Q4 above.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The proposed allocated site BIT022 (Bicton) should have an increased housing provision of a minimum of 30 dwellings.

(Please continue on a separate sheet if necessary)
