5.184. Cressage is the only Community Hub in the Much Wenlock Place Plan Area and has changed its status from being a 'Countryside' settlement since 2015.

Why and how has the status changed from Countryside to Community Hub as it does not meet the criteria for allocation as a Hub? This was strongly expressed to the Council after the consultation with Clair Wild and the over 300 responses from the village in 2020

Site CE S005 Land adjoining the Vicarage

1. Firstly the status of Cressage as a potential Community Hub has to be proved to allow for housing development
2. Should Hub status be approved it is unclear how many houses are proposed for this site as numbers have varied from 60 – 80 .
3. Should Hub status be approved it states that access will be from the A458 providing a footway along the frontage to crossing over A458 to existing footway network east linking into village. A secondary pedestrian and cycling access possible on short frontage to Wood Lane. Speed restrictions positioned south of site with traffic calming measures supporting gateway feature at highway access.

4. However this point of access is extremely dangerous as many vehicles , especially lorries and HGVs, exceed the speed limit on this dangerous hill leading south out of the village
5. Traffic calming via lights of a roundabout would be necessary in order to prevent major incidents concerning both pedestrians and drivers.
6. As the village shop, school, bus stop and surgery are all to the east across the A458 it could be very dangerous with young children, buggies or disability vehicles
7. Access to Wood Lane will be very difficult due to the steep gradient and existing housing

I ask the Inspector to evaluate how and if, Shropshire council evaluated and processed the previous consultation responses. Local reports told of staff shortages within Shropshire Council due to the Covid-19 outbreak and many believe this consultation process was unable to happen thoroughly or fairly. How can nearly 300 responses to previous rounds of consultation be ignored? Why was no feedback or acknowledgement given?.

There are four 'Gunning principles' for public consultations, including the stipulation that "there is adequate time for consideration and response". The consultation has not taken into account the restrictions on public involvement because of Covid19 restrictions and it is therefore against government guidelines.

A Neighbourhood Plan should be drawn up

I ask the Independent inspector to review Shropshire Councils consultation process during Covid19 and the obvious impacts that has had on preventing people from replying.

As evidence for non compliance with consultation, I am using the Draft Statement of Community involvement of the CPRE January 2021

- i) The update of the DSCI should have been carried out some time ago, rather than being left to the last minute in order to tie in with the statutory requirements connected with the Regulation 19 consultation on the Draft Plan.
- ii) The general principles of consultation in the Gunning principles and in the seven Criteria within Government's own *Code of Practice on Consultation* should be spelt out within the DSCI.
- iii) The recent Covid-19 related legislation concerning consultation arrangements should be summarised or referenced in the DSCI.
- iv) Consultations should be for a minimum of 12 weeks, as recommended by Government. Some Parish Councils do not meet often enough to be able to give due formal consideration to a consultation that is for only 6 weeks.
- v) Consultations should, as far as possible, avoid holiday periods, or be for a significantly extended period if they do straddle a holiday period.
- vi) Consultation material should be mainly in electronic form but should not be wholly so; traditional methods should still be used until the County has complete fast broadband cover.
- vii) The Council should not rely on hard pressed Parish and Town Councils to disseminate consultation material.
- viii) If a direct choice between multiple options is offered in a consultation the Council should ensure that its policies reflect the results of the poll on those options.
- ix) Reports on consultations should explain how the Council has arrived at its conclusions from those consultations.
- x) Neighbour notifications of planning applications should continue to be issued.
