If you wish to support the legal compliance or soundness of the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy SP8 states that Community Hubs have been identified through a Settlement of Hierarchy Assessment, which has assessed settlement function through the population and number of households within a settlement; and the extent to which the settlement provides services and facilities.

The evidence within this Settlement of Hierarchy Assessment is not however based on accurate information and thereby Policy SP8 is not justified and is unsound.

The Local Planning Authority considers that the methodology in the "Hierarchy of Settlements" has been applied on a consistent basis that has responded to changes in local provision. However, both formal and informal consultation rounds have identified inaccuracies within this evidence base. The Local Planning Authority, rather than addressing these matters prior to the Regulation 19 consultation, has chosen to defer them, rendering the Plan, Policy SP8 and the associated schedule SP2.2 unsound.

The current scoring within the Hierarchy of Settlements for Clive includes a bowling green as an outdoor sports facility and a local convenience store. Neither of these facilities are available to the community, following the closure of both the bowling green and the local convenience shop.

Q5. Please set out the modification(s) you consider necessary to make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at Q4 above.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Policy SP8 should remove reference to Clive as Community Hub as current evidence means it does not meet the definition of a significant rural service centre as defined by the Local Plan Review

(Please continue on a separate sheet if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

Scoring is incorrect as the village no longer has a shop or the bowling green which are still being counted.
