Dear Sir,

It is our understanding that it has been past practice for Shropshire Council to delete all and any signatures on petitions that are indicated as from outside Shropshire. At the same time, it is your published policy that responses to the current consultation on the draft local plan are open to all who live, work or are at education in Shropshire.

We wish to draw the following to your attention;

1. The change.org site allocates a location to each signatory based on their internet rather than actual location. Thus, while standing in Shifnal the location may show Telford and whilst standing in Albrighton it may show Wolverhampton.
2. Those who live in Shropshire are highly likely to work outside of Shropshire and during their working day a vote will reflect a location outside Shropshire.
3. Those who work or are at education in Shropshire are also potentially residing outside of the county.
4. During the Covid19 restrictions many residents are working from home. It is common practice for work-places to invoke a system of virtual private networks as a security measure. Anyone using a computer with such a network will be assigned a location by change.org that reflects the networks server rather than the users geographic location. In the era of cloud computing this location could be anywhere in the world.

We would want to point out that Shifnal Matters has only promoted this petition through adverts in Shifnal and Tong. Our social media posts are also through pages that are specific to Shifnal and Albrighton.

It is possible that some signatories may not genuinely fall within your definition of those eligible but we would suggest that it would be wrong to delete any signatories without first establishing that they are ineligible by one-to-one email.

Yours faithfully,

J Moore, on behalf of Shifnal Matters

Recipient: Peter Nutting

Letter: Greetings,

We the residents of Shifnal wish to register our objection to the December 2020 draft of the Shropshire local plan for Shifnal and its surrounding area for the following 5 reasons

1

Insufficient consideration has been made of the planned removal of land from the Greenbelt. The evidence cited for the removal of land from the Greenbelt is factually incorrect and insubstantial

2

The level of new strategic residential allocations would change the character of Shifnal as a place to live to the detriment of existing residents and the setting of the town

3

Infrastructure such as roads, schools and medical facilities would be insufficient to support the proposals by Shropshire Council and no assessment of these has been made

4

Employment allocation of 41 hectares providing about 1,750,000 sq ft of space is excessive especially as there are better sites for employment use within a 10 mile radius of Shifnal

5

Shropshire have not been proactive, positive or collaborative in their approach to preparing the local plan

Recipient: Peter Nutting

Letter: Greetings,

We the residents of Shifnal wish to register our objection to the December 2020 draft of the Shropshire local plan for Shifnal and its surrounding area for the following 5 reasons

1

Insufficient consideration has been made of the planned removal of land from the Greenbelt. The evidence cited for the removal of land from the Greenbelt is factually incorrect and insubstantial

2

The level of new strategic residential allocations would change the character of Shifnal as a place to live to the detriment of existing residents and the setting of the town

3

Infrastructure such as roads, schools and medical facilities would be insufficient to support the proposals by Shropshire Council and no assessment of these has been made

4

Employment allocation of 41 hectares providing about 1,750,000 sq ft of space is excessive especially as there are better sites for employment use within a 10 mile radius of Shifnal

5

There are plenty of brown field sites, perhaps the government should give grants to help develop these sites rather than ruin more countryside. chris rogers	shifnal, England, UK	2021-01-08	"Shifnal has already doubled in size with no visible improvements in infrastructure and there is no need for such expansion into the greenbelt for either housing or employment with existing sites such as Stafford Park and Halesfield"

Maisie Hicklin	UK	2021-01-09	
Marie Jones	Shifnal., England, UK	2021-01-09	"I agree with the 5 points detailed in the petition. I have been a Shifnal resident for over 20 years and work in one of the 2 primary schools here. The infrastructure of this town is already pushed to breaking point."
Elsie Blackshaw-Crosby	Shifnal, England, UK	2021-01-09	"Shropshire Council has totally disregarded local sentiment in relation to this development. In a period when the government is promoting development of brown field sites and there is increased legal commitment to net zero and the planting of millions of trees as part of that, it is insane that Shropshire Council continues to push this level of development of green belt land which is greatly treasured by the local community. This is in circumstances where Shropshire Council has already met its own house building requirements."

			need building. When does it stop. I know never. But you do have to look around and before agreeing these sites with businesses. Speak to the people. Say we need this amount of homes in the area,. How can we do it and where , give options. Make people feel involved in the choices rather than this way of working ,. Reduce the size maybe. ,. Tong is a village. People moved here for that reason. Albrighton too, now shifnal has already changed. Is it fair that these towns, villages loose their identity?"
Rosemarie Nicholas	Shifnal, England, UK	2021-01-10	"Shifnal has undergone a huge transformation with hundreds of new houses. Infrastructure will not cope. Green belt should not be built upon while brown sites are available."

Steve Williams	UK	2021-01-12	"Shifnal has essentially been a dumping ground for hundreds of new houses over the past 8 years or so, mostly on green belt. Enough is enough. The infrastructure in the town is beyond breaking point. It's impossible to get a doctors appointment. No more green belt land should be used when there are brown site options elsewhere."
stuart jenkins	Shifnal, England, UK	2021-01-12	"Roads cannot take anymore traffic. Brownfield should be used instead of Greenfield."
Margaret Wilson	Shifnal, Shropshire, England, UK	2021-01-12	"I was born in the Cottage Hospital 72yrs ago have lived here for the last 47yrs. I love Shifnal and don't want to see any more housing as it's going to ruin the surrounding countryside etc. I agree with the 5 points of the petition."

Wendy Lee	London, UK	2021-01-13	"Too much development and not enough investment in infrastructure"
Susan Hallchurch	UK	2021-01-13	"The Shropshire Council Planners gave little thought to the infrastructure needed when allowing 2000 houses to be built in Shifnal. Please do not repeat the same mistake by allowing 41 hectares of excellent land to be taken out of the Green Belt for industrial use. Although Telford is a separate Council it can easily accommodate the employment needs of Shifnal thus safe guarding the Green Belt."
David Bott	Shifnal, England, UK	2021-01-13	"We are running out of greenbelt.. A large number of places I remember as a child have already been built on.. Our kids need places to remember too.. It will be too late soon.. Shifnal will be attached to both Telford and Wolverhampton.."
Andrew Easthope	Shifnal, England, UK	2021-01-13	"The infrastructure of the town can barely cope now without the addition of yet more houses. Would be lovely to hang on to the few remaining green spaces left surrounding the town."
Linda Dallas	Telford, UK	2021-01-14	"Shifnal can not cope with any more housing we don't need it what we do need is to protect our green belt land which is gradually disappearing"
Martin Smith	Telford, England, UK	2021-01-14	"I am signing this petition because I am deeply concerned by the proposal to create industrial units on greenbelt land. When Halesfield site just outside Shifnal has numerous empty units and even plots that have never been developed. The Council should be looking at ways to enhance the natural environment around Shifnal not degrade it further, having already been subject to overdevelopment of housing in the last 5 years."
Allan Chatham	Kemberton, England, UK	2021-01-14	"If these plans go ahead Shifnal will become a nightmare to shop in for people who have to drive, its already very often difficult to find a parking space for the Doctors as well as shopping"

Janice Newport	Shifnal, England, UK	2021-01-16	"I've lived in shifnal 45 years and like it the way it is. Its nice to be a part of a small town and not the large town that the council want it to be."
Paul Hawkes	Shifnal, England, UK	2021-01-17	"I think Shifnal is full to capacity, our doctors are over stretched, our schools are over stretched the infrastructure is over stretched. Take away our greenbelt land where are our children and future generations meant to see mother nature at her best."

paul croxton	Watford, UK	2021-01-21	"I blame the do badders of the world, we are overpopulated..And this is the result..green belt land lost...I've seen how the drains can't cope, during storms due to untold more housing in the town I love in...yet homelessness amongst indigenous British males is increased..it's approximately 90% male ,10% female..that's cold facts not feelings..(notice how the toxic feminists don't mention that)..but enough is enough"
Robert Wilson	Shifnal, England, UK	2021-01-22	"I fully support the points made in this petition. The proposed development is unnecessary, will overwhelm the infrastructure and road network of a small town, and will destroy beautiful green belt and wild life habitats."

Dennis Osman	Shifnal, England, UK	2021-02-02	"I know we have to allow for a reasonable amount of expansion to accommodate future needs but I am concerned that the future plans seem excessive when added to the amount of expansion that already in a relatively short period is vast. What is happening about infrastructure to cope with what has already taken place in terms of expansion, it appears that the remit is to continue building even if the town is overwhelmed with the amount of people and traffic it now needs to cope with, never mind expanding even further."
Roger Cribb	Telford, England, UK	2021-02-03	"This is a lovely historic village ! With a fantastic fellowship ! Don't spoil it"
