Churchyards and cemeteries	0.3464		
Civic spaces	0.0014		
Total all typologies	8.03		

According to the data provided there is a total of 8.03 hectares of open space provision per 1000 head of population across the county as a whole. This is further broken down into provision of different open space typologies, some of which can be compared with national standards and benchmarks developed by comparable local authorities.

Fields in Trust have benchmarks for the provision of two of the open space categories considered as part of this open space needs assessment. These are play space and Outdoor sport.

FIT recommended provision for Play Space: **0.8 hectares/1000 head of population**

FIT recommended provision for Outdoor Sports : **1.6 hectares/1000 head of population**

For the purpose of this study a benchmark has also been derived for the provision of allotments. This is **0.3 hectares / 1000 head of population**. This is based on benchmarks set by comparable local authorities. ( York, Stafford)

For the purpose of this study benchmarks have been derived for the provision of Parks and Natural and Semi Natural Greenspace based on benchmarks set by York City Council.

These are:

Parks - **0.18 hectares / 1000 head of population.**

Natural and semi natural green space - **2.13 hectares / 1000 head of population.**
