The base date for this information is the 31st March 2017.

\*\*To ensure robustness, only a very modest small-scale windfall allowance of 299 dwellings per annum has been applied, significantly less than the average and any individual years rate of delivery during the current Local Plan period. To add further robustness, this has also not been included for the first three years of the trajectory (2017/18 to 2019/2020).
