

## COMMUNITY INFRASTRUCTURE LEVY (CIL) Annual CIL Rate Summary for 2022

This Annual CIL Rate Summary, in accordance with Regulation 121C of the CIL Regulations (as amended), relates to Shropshire Council as the CIL charging authority and sets out the CIL charging rates for liable developments for the calendar year .

The current CIL charging schedule was approved at Council on 24<sup>th</sup> November 2011, taking effect on 1<sup>st</sup> January 2012. This document sets out the CIL rates for different types and location of development. Further information can be found [here](#).

For each calendar year, Shropshire Council is required to apply an index of inflation (the index figure) to each CIL rate to keep CIL responsive to market conditions. Before 2020, the national All-in Tender Price Index published by the Royal Institution of Chartered Surveyors (RICS) was used. From 1<sup>st</sup> January 2020, the index figure used is the RICS CIL Index which is published annually on the [RICS website](#). Please note that all figures in this document have been rounded to two decimal places.

The table below sets out the rates at which CIL was charged in Shropshire when the CIL charging schedule took effect on 1<sup>st</sup> January 2012. The index figure applied to CIL rates from 2013 onwards was the national BCIS All-in Tender Price Index.
