Kerry,

Thank you for your email.

"past behaviour is the best predictor for future behaviour."

Shropshire Council issued us Completion Certificates on our houses when not completed or inspected. This left us at financial risk as well as as health risk and open to accidents. They never inspected and lied when issuing certificate. Our MP , our residents, teh Inspectors are all aware of this, yet they get away with it and continue to cover up.

This behaviour will be replicated on this project obviously.

We want to knwo why were these certificates issued, allowing banks, mortgage providers and other financial institutes being misled and allowing residents to purchase houses not fit for purpose. We want this investigated and made public as they have done this with sites throughout Shropshire. Needs to be exposed and addressed before any project continues by this neglectful Council.

Until they fix out the mess, they left behind they should be given no funding until put right.

I look forward to hearing from you very soon.

Regards

John
