Dear Ms Trueman,

Thank you for your recent email concerning the public examination of the Shropshire Local Plan. It does not take much imagination to recognise that taking over such an onerous responsibility at short notice in the middle of preparations must be rather daunting. Noting that your email was sent on a Sunday evening, I trust that you can somehow manage this demanding task without undue personal cost.

I can confirm that I am in full support of all aspects of the joint submission for the hearing, made on behalf of the Much Wenlock Town Council, the Much Wenlock Refresh Group, the Much Wenlock Civic Society and many individual residents. This joint submission has already been forwarded both by email and as hard copy on paper.

My support for this entire submission covering all 8 matters means that I have given notice that I no longer require to be heard at any point purely on my own behalf. However, I anticipate that I will in due course be named by the Town Council to present an aspect of the joint case, probably on Matter 2 Questions 20 – 25 inclusive.

I trust that this will assist in rationalising representation from Much Wenlock on important issues.

Many thanks, Howard Horsley

Dear Julie

The Civic Society has decided to support the written submission being made on behalf of the community by the new Town Council in cooperation with the Refresh Group and numerous individuals.

The Civic Society expects that at least one of its representatives will be designated to lead on one of the Matters on behalf of the entire Community at the verbal presentation.

We hope that this broad community approach will meet with approval in simplifying the progress of the hearings.

Kind regards

John O'Dowd
