

**SHROPSHIRE LOCAL PLAN
STAGE 1 ADDITIONAL DUTY TO COOPERATE
EXAMINATION HEARINGS**

AGENDA

Tuesday 17 January 2023 at 9.30am and continuing on
Wednesday 18 January at 9.30, if necessary

Venue: Virtual (joining instructions for participants to be circulated by the programme officer)

The Council and participants have responded to the questions in our matters, issues and questions (MIQs) (ID24). We have read all of the written statements.

Given this is an additional hearing session covering the Duty to Cooperate, following the submission of additional evidence by the Council we do not intend to go through each MIQ question individually at the hearings. Instead, following our opening, we will invite the Council to cover in general terms its responses to the MIQs, picking out the most pertinent points and then invite other participants to do the same. As is usual at hearings the Council will be then invited to respond to participants comments. We may have questions for the Council and/or participants during the hearing sessions, based on what they say. We will raise these at appropriate moments, if necessary.

We will explain more about the process during the opening of the hearing session and answer any questions then.

Summary of running order

1. Inspectors opening
2. Council

3. Participants (the order will be determined using the hand up function in Teams).
4. Council
5. Any further comments by any parties with the Council given the opportunity of having the final say.
6. Inspectors to explain next steps
7. Close
