7. Disqualifying Events

The Community Infrastructure Levy Regulations 2010 (as amended) specify that if a disqualifying event occurs before the end of the claw-back period, then the Residential Annex applicant must notify Shropshire Council before the end of the period of 14 days, beginning with the day on which the disqualifying event occurs. The claw-back period is “three years beginning with the date of the compliance certificate relating to the relevant development”.

For the purposes of relief from CIL for Residential Annexes, a disqualifying event is defined within regulations 42A - D of the CIL Regulations 2010 (as amended) . They include but are not limited to:

- a) The use of the main dwelling for any purpose other than as a single dwelling;
- b) The letting of the Residential Annex; or

A disqualifying event can occur prior to, during and following completion of development - during the clawback period of three years from the date of the compliance certificate relating to the relevant development.

If the applicant for Residential Annex relief fails to notify Shropshire Council within the notification period, Shropshire Council must withdraw the relief **and** impose a surcharge of 20% of the chargeable amount payable (maximum of £2,500) for the development that benefitted from the Residential Annex relief.

Where the disqualifying event occurs before commencement of the chargeable development, the CIL liability is payable on commencement of that chargeable development. In all other cases the CIL liability is payable on the day that it is imposed.
