In these cases Shropshire Council will take into account any evidence the tenderer wishes to propose in support of the claim that the product or service is equivalent to the named types.

Therefore if you provide any information to Shropshire Council in the expectation that it will be held in confidence, you must make it clear in your documentation as to the information to which you consider a duty of confidentiality applies. The use of blanket protective markings such as "commercial in confidence" will no longer be appropriate and a clear indication as to what material is to be considered confidential and why should be given.

Other Details

Please note that if supplementary questions are raised by any tenderer prior to the closing of tenders and Shropshire Council decides that the answers help to explain or clarify the information given in the Tender Documents, then both the questions and the answers will be circulated to all enterprises invited to submit a tender.

The right to return to any matter raised in any pre-tender questionnaire submitted as part of the formal tender evaluation is hereby reserved by the Council.
- 1.7 The Invitation to Tender is issued on the basis that nothing contained in it shall constitute an inducement or incentive nor shall have in any other way persuaded a tenderer to submit a tender or enter into a Contract or any other contractual agreement.
- 1.8 Shropshire Council is purchasing on behalf of itself and any wholly owned local authority company or other entity that is deemed to be a contracting authority by virtue of the Council’s involvement.

2.2 Terms and Conditions

- 2.1 Every Tender received by the Council shall be deemed to have been made subject to the General Terms and Conditions and these Instructions for Tendering unless the Council shall previously have expressly agreed in writing to the contrary.

2.2 The Tenderer is advised that in the event of their Tender being accepted by the Council, they will be required to undertake the required services.

3.0 Preparation of Tenders

3.1 Completing the Tender Response Document

3.1.1 Tenders should be submitted using the 'Tender Response Document' following the instructions given at the front of the document. The Tenderer's attention is specifically drawn to the date and time for receipt of Tenders and that no submission received after the closing time will be considered.

3.1.2 All documents requiring a signature must be signed;

- a) Where the Tenderer is an individual, by that individual;
- b) Where the Tenderer is a partnership, by two duly authorised partners;
- c) Where the Tenderer is a company, by two directors or by a director and the secretary of the company, such persons being duly authorised for the purpose.

3.1.3 The Invitation to Tender Documents are and shall remain the property and copyright of the Council

3.2 Tender Preparation and Costs

3.2.1 It shall be the responsibility of Tenderers to obtain for themselves at their own expense all information necessary for the preparation of their Tender. No claim arising out of want of knowledge will be accepted. Any information supplied by the Council (whether in the Tender Documentation or otherwise) is supplied only for general guidance in the preparation of tenders.

3.2.2 Any Tenderer considering making the decision to enter into a contractual relationship with the Council must make an independent assessment of the Tender opportunity after making such investigation and taking such professional advice as it deems necessary.

3.2.3 Tenderers will be deemed for all purposes connected with their Tender submission where appropriate to have visited and inspected the Council, its assets, all the locations in respect of the delivery of the services/supplies/works and to have satisfied themselves sufficiently as to the nature, extent and character of the services supplies/works sought, and the human resources, materials, software, equipment, machinery, and other liabilities and other matters which will be required to perform the contract.

3.2.4 The Council will not be liable for any costs incurred by Tenderers in the preparation or presentation of their tenders.

3.2.5 Tenderers are required to complete all pricing schedules in the Invitation to tender documents. The terms "Nil" and "included" are not to be used but a zero or figures must be inserted against each item. Unit rates and prices must be quoted in pounds sterling and whole new pence.

- 3.2.6** It shall be the Tenderer's responsibility to ensure that all calculations and prices in the Tender documentation are correct at the time of submission.
- 3.2.7** The Tenderer is deemed to have made him/herself acquainted with the Council's requirements and tender accordingly. Should the Tenderer be in any doubt regarding the true meaning and intent of any element of the specification he is invited to have these fully resolved before submitting his Tender. - 3.2.8** Any Tender error or discrepancy identified by the Council shall be drawn to the attention of the Tenderer who will be given the opportunity to correct, confirm or withdraw the Tender.
- 3.2.9** The Tender Documents must be treated as private and confidential. Tenderers should not disclose the fact that they have been invited to tender or release details of the Tender document other than on an In Confidence basis to those who have a legitimate need to know or whom they need to consult for the purpose of preparing the Tender.

3.3 Parent Company Guarantee

It is a condition of contract that if the tendering company is a subsidiary then its Ultimate Group/Holding Company must guarantee the performance of this contract and provide a letter to that effect signed by a duly authorised signatory of the Ultimate Group/Holding Company if requested to do so by the Council. Where the direct parent company cannot provide an adequate guarantee in the opinion of the Council, the Council will look to another group or associate company, with adequate assets, to be the guarantor. In cases where the contract is with a Joint Venture Company (JVC) or a Special Purpose Vehicle (SPV) company, which may have two or more parent companies and which may not be adequately capitalised or have sufficient financial strength on its own to support the risk and obligations it has under the contract, 'joint and several' guarantees / indemnities from the parent companies of the JVC or SPV may be sought.

3.4 Warranty

The Tenderer warrants that all the information given in their Tender and if applicable their Request to Participate Questionnaire is true and accurate. The information provided will be deemed to form part of any contract formed under this contract.

- 4.2** No unauthorised alteration or addition should be made to the Specification and Tender Response Document, or to any other component of the Tender document.

If any such alteration is made, or if these instructions are not fully complied with, the Tender may be rejected.

- 4.3 Qualified tenders may be submitted, but the Council reserves the right not to accept any such tender. The Council's decision on whether or not a Tender is acceptable will be final.
- 4.4 Tenderers should note that their Tender must remain open and valid and capable of acceptance for a period of at least 90 days.
- 4.5 Tenderers should note that Tenders and supporting documents must be written in English and that any subsequent contract, which may or may not be entered into, its formation, interpretation and performance, shall be subject to and in accordance with the laws of England and subject to the jurisdiction of the Courts of England and Wales.

5.0 **Variant Bids**

- 5.1 The Council is interested in alternative solutions which would provide and develop opportunities for savings in service costs, service improvement or other financial benefits. In particular, the Council wishes to encourage solutions which also deliver benefits and added value to the local economy, residents and the business community.
- 5.2 Tenderers may submit, at their discretion, a Tender offering a different approach to the project as a "Variant Bid". However, to permit comparability, at least one bid must be submitted strictly in accordance with the Invitation to Tender Documents (the "Compliant Tender") . Any Tender variant proposed must clearly state how it varies from the requirements of the Compliant Tender Documents, and be explicit in demonstrating the benefits that will accrue to the Council from adopting this approach. Tenderers will be required to identify which submission, in their view, demonstrates best value to the Council.
- 5.3 Variant Bids must contain sufficient financial and operational detail to allow any Variant Bid to be compared with the standard Tender, permitting its considerations in written form.

- 6.1 Tenderers should note that the Employee 'Transfer of Undertakings (Protection of Employment) Regulations '2006 ('TUPE') will apply to this contract. Also compliance with the provisions in relation to Local Authority Pensions will also be required. Tenderers are advised to seek their own legal advice about the practicality of these regulations and should reflect the financial implications of such a transfer in their tender submissions.
- 6.2 Details of employees of the company who is currently carrying out the work that is included in the Contract are currently being sought and will be confirmed to all applicants. Tenderers should note, however, that where the Council provides information to them for the purposes of TUPE, such information may originate from

a third party. As the Council has no control over the compilation of such third party information, the Council gives no guarantee or assurance as to the accuracy or completeness of such information and cannot be held responsible for any errors or omissions in it.

7.0 Tender Evaluation

7.1 The Tenderers may be called for interview to seek clarification of their tender or additional or supplemental information in relation to their tender. The presentations will not carry any weighting to the final score achieved by Tenderers, but will be used to clarify and moderate issues raised in the Tenderer's submissions. Any areas of discrepancy between submissions and information gained from the presentations will be reviewed and scores previously awarded will be amended if necessary.

7.2 If the Council suspects that there has been an error in the pricing of a Tender, the Council reserves the right to seek such clarification, as it considers necessary from the Tenderer in question.

8.0 Clarifications

8.4 All queries should be raised as soon as possible (in writing), in any event not later than 3rd March 2014.

8.5 All information or responses that clarify or enhance the tendering process will be supplied to all Tenderers on a uniform basis (unless expressly stated otherwise). These responses shall have the full force of this Instruction and where appropriate the Conditions of Contract. If a Tenderer wishes the Council to treat a question as confidential this must be expressly stated. The Council will consider such requests and will seek to act fairly between the Tenderers, whilst meeting its public law and procurement duties in making its decision.

8.6 Except as directed in writing by the Authorised Officer, and confirmed in writing to a Tenderer, no agent or officer or elected Member (Councillor) of the Council has any express or implied authority to make any representation or give any explanation to Tenderers as to the meaning of any of the Tender Documents, or as to anything to be done or not to be done by a Tenderer or to give any warranties additional to those (if any) contained in the ITT or as to any other matter or thing so as to bind the Council in any way howsoever.

9.0 Continuation of the Procurement Process

9.1 The Council shall not be committed to any course of action as a result of:

9.3 At any time before the deadline for receipt of tender returns the Council may modify the Invitation to Tender by amendment. Any such amendment shall be numbered and dated and issued by the Council to all participating tenderers. In order to give prospective Tenderers reasonable time in which to take the amendment into account in preparing its Tender return, the Council may in its sole discretion, extend the deadline for submission of the tender returns. The Council reserves the right to amend, withdraw, terminate or suspend all or any part of this procurement process at any time at its sole discretion.

10.0 Confidentiality

10.1 All information supplied by the Council in connection with or in these Tender Documents shall be regarded as confidential to the Council unless the information is already within the public domain or subject to the provisions of the Freedom of Information Act 2000.

10.2 The Contract documents and publications are and shall remain the property of the Council and must be returned upon demand.

10.3 Tenderers shall ensure that each and every sub-contractor, consortium member and/or professional advisor to whom it discloses these papers complies with the terms and conditions of this ITT.

10.4 The contents of this Invitation to Tender are being made available by the Council on condition that:

10.4.1 Tenderers shall at all times treat the contents of the Invitation to tender and any related documents as confidential, save in so far as they are already in the public domain and Tenderers shall not, subject to the provisions relating to professional advisors, sub-contractors or other persons detailed below, disclose, copy, reproduce, distribute or pass any of the contents of the Invitation to tender to any other person at any time or allow any of these things to happen;

10.4.2 Tenderers shall not use any of the information contained in this Invitation to tender for any purpose other than for the purposes of submitting (or deciding whether to submit) the tender; and

10.4.3 Tenderers shall not undertake any publicity activity within any section of the media.

- 10.5** Tenderers may disclose, distribute or pass this Invitation to tender to their professional advisors, sub-contractors or to another person provided that:
- 10.5.1** this is done for the sole purpose of enabling an Invitation to tender to be submitted and the person receiving the Information undertakes in writing to keep the Invitation to Tender confidential on the same terms as if that person were the Tenderer; or
 - 10.5.2** the Tenderer obtains the prior written consent of the Council in relation to such disclosure, distribution or passing of the Invitation to Tender; or
 - 10.5.3** the disclosure is made for the sole purpose of obtaining legal advice from external lawyers in relation to the procurement or to any Contract(s) which may arise from it; or
 - 10.5.4** the Tenderer is legally required to make such a disclosure.
- 10.6** The Council may disclose detailed information relating to the Invitation to Tender to its officers, employees, agents, professional advisors or Governmental organisations and the Council may make any of the Contracts and procurement documents available for private inspection by its officers, employees, agents, professional advisors, contracting authorities or Governmental organisations.

10.7 Transparency of Expenditure

Further to its obligations regarding transparency of expenditure, the Council may be required to publish information regarding tenders, contracts and expenditure to the general public, which could include the text of any such documentation, except for any information which is exempt from disclosure in accordance with the provisions of the Freedom of Information Act to be determined at the absolute discretion of the Council.

11.0 Freedom of Information

- 11.1** Please note that from 1 January 2005 under the provisions of the Freedom of Information Act 2000, the public (included in this are private companies, journalists, etc.) have a general right of access to information held by public authorities. One of the consequences of those new statutory responsibilities is that information about your organisation, which Shropshire Council may receive from you during this tendering process may be subject to disclosure, in response to a request, unless one of the various statutory exemptions applies.
- 11.2** In certain circumstances, and in accordance with the Code of Practice issued under section 45 of the Act, Shropshire Council may consider it appropriate to ask you for your views as to the release of any information before we make a decision as to how to respond to a request. In dealing with requests for information under the Act, Shropshire Council has to comply with a strict timetable and it would therefore expect a timely response to any such consultation within five working days.
- 11.3** If, at any stage of this tendering process, you provide any information to Shropshire Council in the expectation that it will be held in confidence, then you must make it clear in your documentation as to the information to which you consider a duty of confidentiality applies. The use of blanket protective markings such as

“commercial in confidence” will no longer be appropriate and a clear indication as to what material is to be considered confidential and why should be given.

11.4 Shropshire Council will not be able to accept that trivial information or information which by its very nature cannot be regarded as confidential should be subject to any obligation of confidence.

11.5 In certain circumstances where information has not been provided in confidence, Shropshire Council may still wish to consult with you as to the application of any other exemption such as that relating to disclosure that will prejudice the commercial interests of any party. However the decision as to what information will be disclosed will be reserved to Shropshire Council.

For guidance on this issue see: <http://www.ico.gov.uk>

12.0 Disqualification

12.1 The Council reserves the right to reject or disqualify a Tenderer's Tender submission where:

12.1.1 The tenderer fails to comply fully with the requirements of this Invitation to tender or is in breach of clause 15 of the Council's General Terms and Conditions relating to Bribery and Corruption or is guilty of a serious or intentional or reckless misrepresentation in supplying any information required; or

12.1.3 The tenderer directly or indirectly canvasses any member, official or agent of the Council concerning the award of the contract or who directly or indirectly obtains or attempts to obtain information from any such person concerning any other Tender or proposed Tender for the services. The Canvassing Certificate must be completed and returned as instructed.

12.1.4 The Tenderer :

- a) Fixes or adjusts the amount of his Tender by or in accordance with any agreement or arrangements with any other person; or
- b) Communicates to any person other than the Council the amount or approximate amount of his proposed Tender (except where such disclosure is made in confidence in order to obtain quotations necessary for preparation of the Tender for insurance purposes); or

12.3 The Council reserves the right to disqualify an Applicant from further participating in this procurement process where there is a change in the control or financial stability of the Tenderer at any point in the process up to award of a contract and such change of control or financial stability has a materially adverse effect on the Tenderer's financial viability or ability to otherwise meet the requirements of the procurement process.

13.0 E-Procurement

As part of its procurement strategy Shropshire Council is committed to the use of technology that can improve the efficiency of procurement. Successful Tenderers may be required to send or receive documents electronically. This may include purchase orders, acknowledgements, invoices, payment advices, or other procurement documentation. These will normally be in the Council's standard formats, but may be varied under some circumstances so as not to disadvantage small and medium suppliers.

14.1 Award Criteria

The Award Criteria has been set out within the Tender Response Document accompanying this invitation to tender. The Council is not bound to accept the lowest or any Tender.

14.2 Award Notice

The Contracting Authority reserves the right to pass all information regarding the outcome of the Tendering process to the Office of Fair Trading to assist in the discharge of its duties. Additionally, the Council will adhere to the requirements of the Freedom of Information Act 2000 and Tenderers should note this statutory obligation.

- 16.3** The Tenderer shall be prepared to commence the provision of the supply and services on the start date of the contract/framework arrangement being 1 April 2014.

17.0 Payment Terms

Tenderers should particularly note that the principles governing public procurement require that, as far as is reasonably possible, payments for Goods, Works or Services are made after the provision. Therefore any indication of a pricing strategy within a Tender which provides for substantial payments at the outset of the Contract will be examined carefully to decide whether or not a Tender in such form can be accepted. If in the opinion of the Council such substantial payments appear excessive in relation to the requirements of the Contract the Council reserves, without prejudice to any other right to reject any Tender it may have, the right to require the Tenderer to spread such proportion of the costs as are considered excessive over the duration of the Contract.

18.0 Liability of Council

- 18.1** The Council does not bind himself to accept the lowest or any tender.
- 18.2** The Council does not accept any responsibility for any pre-tender representations made by or on its behalf or for any other assumptions that Tenderers may have drawn or will draw from any pre-tender discussions.
- 18.3** The Council shall not be liable to pay for any preparatory work or other work undertaken by the Tenderer for the purposes of, in connection with or incidental to this Invitation to Tender, or submission of its Tender response or any other communication between the Council and any other party as a consequence of the issue of this Invitation to Tender.
- 18.4** The Council shall not be liable for any costs or expenses incurred by any Tenderer in connection with the preparation of a Tender return for this procurement exercise, its participation in this procurement whether this procurement is completed, abandoned or suspended.
- 18.5** Whilst the Tender Documents have been prepared in good faith, they do not purport to be comprehensive nor to have been formally verified. Neither the Council nor any of its staff, agents, elected Members, or advisers accepts any

liability or responsibility for the adequacy, accuracy or completeness of any information given, nor do they make any representation or given any warranty, express or implied, with respect to the Tender Documents or any matter on which either of these is based (including, without limitation, any financial details contained within the Specification and Contract Documentation). Note:

Components of a system interconnected by radio-links may include fire alarm devices, such as fire alarm sounders, as well as detectors and manual call points. However, exercising the fire detection and fire alarm system with testing and evacuation drills in excess of those recommended by the manufacturer can reduce the life of the radio-linked fire alarm batteries. Automatic silencing of radio-linked sounders is sometimes employed to overcome the potential for undue discharge of sounder batteries. However, sounders with this facility need to reactivate with any new fire or phased evacuation command. Such a facility ought not to impair the system's ability to provide an adequate audible warning to the occupants of the building in the event of fire. Other components of a radio-linked system may include radio relay units, which are installed remote from the CIE so as to extend the range of the system. Where such relay units are separate control and indicating panels, this is a form of networked system

Note

Components of a system interconnected by radio-links may include fire alarm devices, such as fire alarm sounders, as well as detectors and manual call points. However, exercising the fire detection and fire alarm system with testing and evacuation drills in excess of those recommended by the manufacturer can reduce the life of the radio-linked fire alarm batteries. Automatic silencing of radio-linked sounders is sometimes employed to overcome the potential for undue discharge of sounder batteries. However, sounders with this facility need to reactivate with any new fire or phased evacuation command. Such a facility ought not to impair the system's ability to provide an adequate audible warning to the occupants of the building in the event of fire. Other components of a radio-linked system may include radio relay units, which are installed remote from the CIE so as to extend the range of the system. Where such relay units are separate control and indicating panels, this is a form of networked system

Appendix B – Service Schedule

PARTICULAR SPECIFICATION MAINTENANCE OF MANUAL FIRE ALARMS

1.0 GENERAL CONDITIONS

1.01 The Contractor shall be deemed to have read the SC Document entitled General Conditions and Preliminaries applying to the whole of the maintenance works and ensure his full compliance with the aforementioned document.

1.02 The Contractor shall be deemed to have allowed against each item or in his rates for the cost of complying with all the requirements of the preliminaries.

1.03 All the items contained in the Preliminaries shall apply to the whole of the works. The headings of the clauses in this specification shall not effect the interpretation thereof.

1.04 The contractor may be required to prepare a detailed breakdown of his pricing of the preliminary items before the contract is signed.

1.1 SCOPE OF WORK

The contract shall comprise the bi-annual inspection, service, test and repair of Fire Alarm Systems in buildings maintained by Shropshire Council.

The operative must be conversant with BS7671:2008 Requirements for Electrical Installations and BS5839-1:2013

1.2 DURATION OF CONTRACT

In the first instance competitive fixed price tenders are being invited to the period 1st April 2014 – 31st March 2015, thereafter the contract may be extended annually for a further **four** years subject to satisfactory performance during the contract year and the submission of a mutually agreed adjustment of the tender sum for the ensuing 12 months.

1.3 SAFETY AND WELFARE OF WORKMAN

The Contractors' attention is particularly drawn to the clause relating to the "Safety and Welfare of Workmen" in the General Conditions and Preliminaries; the contractor shall allow in his tender for complying with the clause as necessary on this contract.

1.4 IMPORTANT NOTES

Contractors shall be responsible for visiting the site(s) to take all their own measurements, site surveys, necessary particulars and should make arrangements with the establishment for gaining access to the relevant areas.

The Contractor shall familiarise himself with the site and in particular to the problems of gaining access to the site. Damage caused to any property in gaining access to the site by the Contractor or persons servicing the Contractor shall be made good at the Contractor's own expense to the satisfaction of Shropshire Council.

The Contractor shall make good any damage caused to the premises by the Contractor or persons servicing the Contractor during the contract at the Contractor's own expense to the satisfaction of Shropshire Council.

The Contractor and his employees must report to the premises office or reception whenever they are visiting site to 'book-in', and ensure they 'book-out' when leaving site.

Asbestos Management Regulation - Contractors shall be aware that there is a mandatory requirement to sign the on site manual prior to the commencement of any work.

It may be obvious in some cases that the type of work required will be superficial, will not disturb the fabric of the building and will therefore present no risk of contact with asbestos based materials.

However, where the building fabric is to be disturbed or where there is suspicion that eg fittings could contain asbestos **do not begin work until proof is obtained that there is no risk of asbestos based materials being present within the work area.** In such cases contact the Contract Administrator immediately for further instruction.

The Contractor must ensure that all employees working for the Contractor and any persons servicing the Contractor behave in a responsible and respectful manner to all employees of the premises or any persons attending the premises, to include the wearing of suitable, respectable clothing and identity passes.

The service work is being undertaken on active Council sites and as such the normal operation of the site(s) shall not be interfered with. Co-operation and liaison with the site manager is imperative.

1.5 IDENTITY PASSES

All employees and persons servicing the Contractor shall, at the Contractor's expense, be provided with identification passes which meet the minimum acceptable standards of Shropshire Council. The passes shall contain a current photograph of the recipient together with his/her name, also the name of the company by which they are employed and having an authorisation signature, provided by a senior manager/director of that company. The passes should be encapsulated for protection and be available for inspection by premises staff or representatives of the Contract Administrator, at any time while the operative is on site.

1.6 GENERAL HEALTH AND SAFETY

The site shall be maintained as a clean area at all times free of any litter or debris. The Contractor shall ensure that all public areas and pathways are left clear and free of hazards at all times and leave the premises clean and tidy on completion of the work.

The Contractor shall provide suitable first aid facilities on site.

The Contractor shall ensure that all personnel are provided with, and instructed to wear, proprietary personal protective equipment (PPE) where and whenever there is a risk of injury.

If the premises management agree to provide in-house toilet facilities, the Contractor shall ensure that such facilities and access to and from them, are maintained with all due care and 'left as found' on completion of the contract.

1.7 LEGISLATION

The Contractor's attention is drawn to the following Health, Safety and Welfare Legislation:

- Fire Precautions Act 1971
- The Health and Safety at Work etc Act 1974
- Health and Safety (First Aid) Regulations 1981
- Electricity at Work Regulations 1989
- Construction (Head Protection) Regulations 1989
- Environmental Protection Act 1989
- The Control of pollution Act 1990
- Manual Handling Operations Regulations 1992
- Workplace (Health Safety and Welfare) Regulations 1992
- Personal Protective Equipment at Work Regulations 1992
- Reporting of Injuries, Diseases & Dangerous Occurrences Regulations 1995
- Confined Space Regulations 1997
- Lifting Operations & Lifting Equipment Regulations 1998
- Provision & Use of Work Equipment Regulations 1998
- Management of Health & Safety at Work Regulations 1999
- The Fire Precautions (Workplace) (Amendment) Regulations 1999
- Control of Substances Hazardous to Health Regulations 2002
- Control of Noise at Work Regulations 2005
- Working at Height Regulations 2005
- The Control of Asbestos at Work Regulations 2006
- Construction and Design Management Regulations 2007

This is not a complete list of the relevant legislation and is presented only as a guide to assist the Contractor.

1.8 SPECIFIC HEALTH AND SAFETY

The document "Construction and Building Works at Council Premises/Sites" gives specific guidance to the requirements of Shropshire Council.

1.9 RISK ASSESSMENT

The Contractor shall carry out a detailed and recorded "Risk Assessment" for the works and submit two copies with the completed tender documents.

General Principle of Risk Assessment

The risk assessment shall identify what measures the Contractor needs to take to comply with the requirements and prohibitions imposed on him by or under the "relevant statutory provisions". This phrase covers the general duties in the Health and Safety at Work Act etc. 1974 and more specific duties in the various Acts and Regulations (including the Management of Health and Safety at Work Regulations) 1999 associated with Health and Safety at Work.

1.10 METHOD STATEMENT

Contractors are reminded that for certain hazardous operations, they will have to prepare a method statement for the work. It is anticipated that such statements will include, where applicable 'the sequence and method of work'.

The Council will always require a method statement for the following types of work:-

- a) demolition
- b) steel erection
- c) entry into confined spaces
- d) handling and removal of asbestos
- e) use of explosives (including cartridge tools)
- f) roof works and other overhead work
- g) contaminated sites or buildings
- h) other high risk activities may also require a Permit to Work

In many instances method statements can form the control measures required by risk assessment and the document can be accepted as such.

1.11 INFORMATION TO BE SUBMITTED WITH THE TENDER

The Contractor's tender should include the following information:-

- a generic risk assessment for tasks to be completed
- a method statement for the work to be undertaken
- the company health & safety policy
- site risk assessment
- copy service report and test certificate
- staff experience and qualifications

Dear Christine

IMC 106: The Inspection, Service, Test and Repair of Fire Alarm Systems
SHROPSHIRE COUNCIL
For a period of 12 months with the option to extend for a further 4 years
SUBJECT TO CONTRACT

This is an Award Decision Notice pursuant to Regulation 32 of The Public Contracts Regulations 2006 (the "Regulations").

We are pleased to inform you that, following the evaluation process, Shropshire Council proposes to accept your offer to form part of the above proposed contract as set out in your recent tender.

However, this letter is not, at this stage, a communication of Shropshire Council's formal acceptance of your offer. A mandatory "standstill" period is now in force pursuant to Regulation 32A of the Regulations; this period will end at midnight on 7 April 2014.

Subject to Shropshire Council receiving no notice during the standstill period of any intention to legally challenge the award process, the Council aims to conclude the award of the contract after the expiry of the standstill period.
