Your Representations

Please note, you must use a separate form for each representation you wish to make.

(Please refer to the accompanying Guidance Notes on Making Representations when completing this section)

In the box below please give the policy, paragraph or section of the Policies Map your representation relates to:

S17.1 paragraph 1

Is your representation in support or objection? (please tick as appropriate)

Support	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>
Object	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>

In respect of your representation on the policy, paragraph or section of the Policies Map, do you consider the SAMDev Plan is:

Legally compliant	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
Sound	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>

If your representation considers the SAMDev Plan is not sound, please say whether this is because it is not (*Please tick all that apply*):

Positively prepared	
Justified	<input checked="" type="checkbox"/>
Effective	<input checked="" type="checkbox"/>
Consistent with National Policy	

In the box below please specify your reason for supporting or objecting.

If you are objecting, you should make clear why the document is unsound having regard to the issues of 'legal compliance' or whether the document is not positively prepared, justified, effective or not consistent with national policy (Continue on a separate sheet if necessary).

Allocation of site WEM003 will still mean that most of the additional commuter traffic will have to negotiate the narrow/congested streets in Wem Town Centre – notably the double-bend corner by Maund's garage and the junction by the Main church. Even with potential employment opportunities at site ELR031, the above will remain true. We would estimate 100 – 150 cars per direction, per day, which we argue is a significant increase in the daily 'rush hour' congestion. This will be unavoidable for any development to the W of the Town, unless of course there is major investment in infrastructure in the form of a bypass around the SW of the town. Already, at peak times, the junction of Lowe Hill Road with Ellesmere Road clocks 400 vehicle movements an hour.

Please use the box below to explain the changes you think should be made to the SAMDev Plan in order to make it legally compliant or sound? You should explain your suggested revisions to the policy, paragraph or section of the Policies Map, and why this change would make the plan legally compliant or sound. Please be as precise as possible (Continue on a separate sheet if necessary)

Wem has approx. doubled in size in the last 30-40 years, raising questions about 'fair share' and infrastructure. Nevertheless, *if* 100 new dwellings *can* be justified in/near the town, they are being proposed on the wrong side of town – i.e. on the far side from access to Shrewsbury, Telford and the M54 where the vast majority of Wem's commuter traffic heads every day. A development on the SE of the town would circumvent most of the problems outlined

Please be sure that you have provided all the information necessary to support your representations and any changes you are proposing. After this stage you will not be able to make any further representations about the SAMDev Plan to Shropshire Council. Any further submissions will only be possible at the invitation of the Inspector conducting the examination, who may seek additional information about the issues he/she has identified.

Do you consider it necessary to attend and give evidence at the examination?

Yes, I wish to give evidence about my representation at the examination.

☐

No, I wish to pursue my representations through this written representation.
