Policy MD8 Infrastructure Provision

The Inspector amended the Core Strategy submission document to include cultural facilities in the categories of infrastructure of Policy CS8. The County has theatres and performance spaces and should be included in the document within this policy for guidance when determining future planning applications.

Local planning authorities are advised at item 156 of the National Planning Policy Framework that their Local Plans should set out strategic priorities to deliver the provision of health, security, community and cultural infrastructure and other local facilities.

Please use the box below to explain the changes you think should be made to the SAMDev Plan in order to make it legally compliant or sound? You should explain your suggested revisions to the policy, paragraph or section of the Policies Map, and why this change would make the plan legally compliant or sound. Please be as precise as possible (Continue on a separate sheet if necessary)

Include the following paragraph in the policy or something similar:

It is proposed that social and cultural infrastructure improvements and new provision will be encouraged at suitable locations within the County. The loss of social and cultural infrastructure facilities that provide for the health and wellbeing, social, educational, spiritual, recreational, leisure and cultural needs of the community will be resisted, particularly in town and local centres and small settlements.

Please be sure that you have provided all the information necessary to support your representations and any changes you are proposing. After this stage you will not be able to make any further representations about the SAMDev Plan to Shropshire Council. Any further submissions will only be possible at the invitation of the Inspector conducting the examination, who may seek additional information about the issues he/she has identified.
