

Dear Sirs,

The maps shown in your e.mail are too small and indistinct. I am 91 and an invalid, so am unable to travel.

The mind boggles at the intentions to build more properties in an around Shrewsbury.

Surely, common sense will find that there are already 700 or more properties for sale weekly as shown in the Shrewsbury Chronicle . To build more in the area will just result in people moving out of town centre to take the new properties, leaving more and more vacant properties in the Town Centre.

Someone mentioned the Hospital as a major employer, without realising, that owing to Government cutbacks, the NHS is shedding staff, rather than taking on more.

Regards,

Richard Harper, Shrewsbury
