In the box below please specify your reason for supporting or objecting.

If you are objecting, you should make clear why the document is unsound having regard to the issues of 'legal compliance' or whether the document is not positively prepared, justified, effective or not consistent with national policy (Continue on a separate sheet if necessary).

CPRE Oswestry continues to feel strongly that OSW004 should also be dropped from the SAMDev plan in view of the great National importance of the site. Not only is it now accepted that the visual setting of an ancient monument should be a material planning consideration but it is also now recognised that the wider landscape in which a monument sits is likely to hold important clues relating to its historic character and thus cannot be divorced from the monument when considering development proposals.

Inclusion of this site is against policy MD13 and NPPF 12 para 132: When considering the impact of a proposed development on the significance of a

designated heritage asset, great weight should be given to the asset's conservation. Significance can be harmed or lost through alteration or destruction of the heritage asset or development within its setting.

para 133: Where a proposed development will lead to substantial harm to or total loss of significance of a designated heritage asset, local planning authorities should refuse consent, unless it can be demonstrated that the substantial harm or loss is necessary to achieve substantial public benefits that outweigh that harm or loss, including its setting.

In view of the accepted significance of the Oswestry Hill Fort, CPRE consider that it is demonstrable that this asset would be harmed by a development within its setting.

Please use the box below to explain the changes you think should be made to the SAMDev Plan in order to make it legally compliant or sound? You should explain your suggested revisions to the policy, paragraph or section of the Policies Map, and why this change would make the plan legally compliant or sound. Please be as precise as possible (Continue on a separate sheet if necessary)

OSW004 should be removed from the SAMDev preferred options.

Please be sure that you have provided all the information necessary to support your representations and any changes you are proposing. After this stage you will not be able to make any further representations about the SAMDev Plan to Shropshire Council.
